

Rail Strike Peace Plans Endangered By New Outbreak

Separate Peace Conferences Fail on Southern, New York Central, Rock Island and Other Roads.

**MEN RETURN TO WORK
ON FIVE ROADS TODAY**

On Many Roads Not Parties to Agreement, Shop Forces Are Reported Nearly Normal.

BY THE ASSOCIATED PRESS.
Chicago, September 17.—With the shopmen's peace plan threatened by outbreaks due apparently to misunderstandings and with the New York Central announcing the failure of its effort to reach an agreement with the strikers, roads not participating in the Baltimore negotiations reported a rapid return to normal operation in their shops tonight.

Of the larger lines mentioned in connection with the memorandum of agreement adopted by the shop crafts' general policy committee of ninety here Tuesday with the object of ending the country-wide strike through separate agreements with individual roads, the Rock Island and the New York Central had definitely announced the failure of efforts to reach a final agreement and conferences of the Southern with union leaders had been no more successful as the strike entered on its twelfth week.

Misunderstandings.
In the case of the New York Central, a statement was issued by the road expressing a willingness to fulfill the memorandum of agreement reached at Baltimore at conferences between B. M. Jewell, head of the strikers, and representatives of certain of the carriers, but it was asserted that representatives of the shop crafts "attempted to interject questions not mentioned in the text and clearly outside the agreement, insisting that these matters be included."

The same misunderstanding resulted in disturbances yesterday when strikers began to return to work here in the shops of the Northwestern and the Chicago, Milwaukee & St. Paul. In some cases the men were reported to have demanded that non-union workers be dismissed and in others that their striking foremen be reinstated.

Many Men Working.
At the same time railway executives, who have refused to come in under the Baltimore plan, reiterated that they are engaged in recruiting full shop forces, and that the settlement talk has resulted in large numbers of men returning to work independently of any action taken by the union leaders. Many of the non-settlement roads were said to have forces ranging from 70 to 100 per cent normal. These have formed new organizations to supplant the striking shop crafts. Among the roads which have announced agreements with their shopmen independently of the union are the Santa Fe, Burlington, Illinois Central and the Chicago and Alton.

Mr. Jewell departed tonight for New York where he said he would enter into conferences with the New York Central officials Tuesday in the expectation of reaching an agreement under the terms of the Baltimore plan. At union headquarters it was said that only trivial differences prevented the signing of a separate peace with that road Saturday. These differences, it was said, would be cleared away by submitting them to the arbitration board provided for in the Baltimore plan.

According to the union leaders the men on the following roads will return to work tomorrow:
The Chicago and Northwestern, Chicago, Milwaukee & St. Paul, Baltimore and Ohio, Seaboard Air Line and the Green Bay and Western.

**RETURN TO WORK
AT SAVANNAH**
Savannah, Ga., September 17.—(Special).—Announcement is made.

In Atlanta, the golf courses and the automobiles speedily have failed in their purpose of making our city a Gomorrah or a place as secure, as we have been told they have done to other cities of our section.

The fairways and the macadamized stretches may have lured some men away from their Sunday devotions, but as yet the church remains unshaken as the popular institution for Sabbath rest or reflection, even as in the days of old.

Personally I had imagined for a good many years that Sunday worship in our city was attended pretty much by the men and women who still live in a day that has gone. I was pretty well convinced that the automobile and the golf sticks and maybe the secular press had combined to occupy pretty much all the time of pretty nearly all the men of Atlanta on the one day of the week allotted them for seclusion from their labors.

Wherefore I received rather a jolt Sunday when yielding to the blandishments of Arthur Brooke, who has blandishments whether his particular business be business or politics or religion, I found myself out in front of the Druid Hills Methodist church at about 9:30 in the morning when the fairways are just getting right, and saw a couple of hundred men, likewise there foregathered.

**FULL GROWN MEN
AT SUNDAY SCHOOL**
Also I discovered that instead of the church being decadent, as we are so ceaselessly told by men, who like myself, do not know simply through uninquiring ignorance, it has become decidedly progressive.

In the days when I was being carried over the stony seas, secure in the sturdiness of the Old Ship of Zion, men didn't go to Sunday school. That was the royal prerogative of innocent childhood. After we got through Sunday school, we saw the men folks sedately entering church for the 11 o'clock service, but rarely did a person in long pants put in an appearance until the church bell rang, with the single exception of the Sunday school superintendent.

But Sunday I saw two hundred men foregathered for Sunday school and they were looking forward to it with all the keen anticipation with which a collegiate freshman regards a football day.

Atlanta has become civilized in many things, but Atlanta retains some rural customs that it seems to me should meet with perfect approval. For instance the one noted at that little church. The men all stood on the greenward in front of the church and greeted each newcomer or renewed friendship with every regular.

ESSENCE OF THEORY OF BROTHERHOOD OF MAN.
And everybody seemed to know that everybody seemed to be interested in everybody else. Which seems to me to be the very essence of the theory of the brotherhood of man.

The men's class assemblies in the

Way Is Believed Open To Rescue Argonaut Miners

Rush of Air After Last Blast Indicates Rescue Tunnel Is Completed.

Argonaut Mine, Jackson, Cal., September 17.—The last blast of the rescue crews seeking the 47 gold miners entombed for three weeks in the Argonaut mine is believed to have been made, and the tunnel into the mine shaft is believed to have been completed.

When the last shift of rescuers left the mine at 7 o'clock it had set what was expected to be the last shot at the wall of rock separating them from the miners.

The explosion of the charge was followed by a rush of air up the Kennedy shaft through which the rescuers had just retreated.

SULGRAVE PARTY TO BE WELCOMED TO CITY TONIGHT

Reception Committee Will Be Present at Terminal Station When the Commission Arrives.

**RECEPTION AND DINNER
FEATURES OF TUESDAY**

Distinguished Canadians and Britons Spend Sunday as Guests of Chattanooga Citizens.

The delegation of distinguished Britons and Canadians representing the Sulgrave Institution will arrive in Atlanta Monday night at 11:20 o'clock at the Terminal station. Everything has been arranged by the general committee for Atlanta's reception of the visiting delegation and the committee which is to welcome them at the station is in readiness.

Upon their arrival at the station, they will be escorted to the Georgian Terrace hotel by the committee, of which Robert E. Harvey is chairman. At 10 o'clock Tuesday morning the party will leave the hotel and call at the mayor's office. Reaching the city hall, they will be received and conducted to the mayor's private office by Mrs. Joseph B. Lamar and W. O. Foote, who will introduce them to Mayor and Mrs. Key. The heads of the various patriotic organizations have been invited to be present at the mayor's office and be presented to the delegation.

Sightseeing Trip.
The trip will then begin which will carry the party past many of the principal spots of interest in and about Atlanta. The itinerary includes the cyclorama of the "Battle of Atlanta" at Grant park; "Inglewood," where light refreshments will be served; the cottage of Bobby Burns club; the Soldier's home; the Druid Hills Golf club, where lunch will be served; through Piedmont park; the chapter house, Joseph Habersham Memorial hall, of the D. A. R., where there will be a brief reception; the grounds of Mr. and Mrs. Robert F. Maddox; the grounds of Mr. and Mrs. John Grant; then back to the Georgian Terrace.

The decorations committee has asked that all officials of public buildings have the buildings decorated with American flags on the right and British flags on the left Tuesday. The automobile owners of the city have also been requested to have their cars decorated with American and British flags on that day. These flags may be obtained from Virgil Shepard, 22 Edgewood avenue.

Hats Are Banned.
The committee in charge of arrangements at the banquet at the Piedmont Driving club has asked that all ladies attending the function do not wear hats. This is especially requested by the committee. More than 200 reservations have been made for

Governor Broke Promise in DuPre Case, Says Ridley

Minister Says Action in Allowing Bandit to Hang Was "Political Play."

Rev. Caleb A. Ridley, pastor of the Central Baptist church, and spiritual chaplain of the Ku Klux Klan, in his sermon Sunday night, charged that Governor Hardwick allowed Frank DuPre to hang after promising Dr. Ridley personally that the sentence would be commuted to life imprisonment, that his action in allowing DuPre to be hanged was a "political play," and that his defeat was caused largely from such play.

Dr. Ridley was speaking on "How it All Happened," as a prelude to his evening sermon when he made the charge against Governor Hardwick. He said further that his broken promise in regard to DuPre was just one of many promises made to the voters of Georgia who elected him. Dr. Ridley traced the governor's actions back to his relations with the Law Enforcement league in these words:

"Governor Hardwick courted the favor of the finance committee, who will be in direct charge of the campaign, returned Sunday from a trip to Princeton, N. J., where he entered his son in college. Mr. Perkins has closed his desk at the Fourth National bank, of which he is vice-president, and will devote his entire energies to the successful outcome of the appeal for funds."

Dinner at Club.
Dinner will be served to the committee of two hundred Monday evening in the main dining room of the club, and following the dinner, a plan will be formulated for covering the business districts of Atlanta one hundred per cent complete. They are representatives on the committee representing every phase of the city's commercial, industrial and professional life.

RECTOR PROTESTS PLANNED WEDDING ON PUBLIC STREET

Selma, Ala., September 17.—Protesting against a proposed public wedding to be held on the streets of Selma as a feature of a trade event next month, Dr. Edward W. Gamble, rector of St. Paul's Episcopal church, in the course of his sermon today, pledged to go before those in charge of the celebration and demand that this plan be abandoned.

NO RIFT IN VEIL SHROUDING DEATHS IN CHURCH KILLING

Mystery of Double Murder of Rector and Wife of Sexton as Yet Unbroken.

THEORY OF ROBBERY MOTIVE DISCARDED

Wife of Slain Clergyman Says She Was Mysterious Woman in the Polo Coat.

BY THE ASSOCIATED PRESS.
New Brunswick, N. J., September 17.—Mrs. Edward W. Hall, whose husband, the rector of the Protestant Episcopal church of St. John the Evangelist, and Mrs. James Mills, wife of the sexton of the church, were found dead from bullet wounds under an apple tree in a rustic lane of Somerset county Saturday, told detectives today that she was the woman in the polo coat who was seen entering the Hall home at 2 o'clock Friday morning, soon after the police alleged, the double shooting occurred.

She told them, detectives said, that becoming worried over the failure of her husband to return home she had gone to his church to see if he had been detained there. She said she had been accompanied by William Stevens, her brother.

William Phillips, a watchman at the New Jersey College for Women, which stands directly across the street from the Hall residence, has told the police he saw a woman run down the street about 2 o'clock Friday morning and enter the Hall home. Detectives said he made no report of seeing a man with the woman.

"I am tied by my sister's honor, and that of my family. They are not going to question me," said Stevens when asked about the affair. He declined to comment on the mystery surrounding the double shooting, and said that he was going out of town, and would not answer questions.

A day of investigation, authorities said, had failed to lift in any material way the veil of mystery which shrouds the deaths of one of the most widely known members of the Protestant Episcopal clergy of New Jersey and the wife of the sexton who was known only beyond her initials.

ELKS WILL PLAN \$150,000 DRIVE

200 Workers Will Gather at Clubhouse Tonight to Pave Way for Beginning of Canvass Wednesday.

Promptly at 6:30 o'clock Monday evening, two hundred workers who are to have the principal part in raising the \$150,000 subscription to the Elks' 1923 convention fund, will assemble at the Elks' club on East Ellis street for final instructions before beginning their appeal on Wednesday.

The men who form this committee, are both members of the Atlanta lodge, number 78, B. P. O. Elks, and prominent citizens of Atlanta who are not affiliated with the organization, but who are volunteering their services in order that they may aid the lodge in putting over the essential civic enterprise.

William T. Perkins, general chairman of the finance committee, who will be in direct charge of the campaign, returned Sunday from a trip to Princeton, N. J., where he entered his son in college. Mr. Perkins has closed his desk at the Fourth National bank, of which he is vice-president, and will devote his entire energies to the successful outcome of the appeal for funds.

Parade to Open "Safety First" Week in Atlanta

Junior Chamber Plans Elaborate Exercises for Funeral of "Mr. Carelessness."

Moving in time with the strains of Chopin's "Funeral March," rendered by Robert Troy on his mouth organ, the funeral parade of "Mr. Downright Carelessness" will start from Baker street at 11 o'clock Monday morning, setting in motion the first actual demonstration of the junior chamber of commerce in opening its big "Safety First" week. The death of "Mr. Carelessness" has already been announced by the junior chamber and he will be laid to rest Monday morning.

Roy LeCraw will officiate at the funeral demonstration before the Atlanta public, and the mourners will be presented with horse blankets beautifully decorated with little medallions of bullfrogs being croaked under the cruel heels of automobile tractors, and bearing the legend "Don't tread on me."

Wrecked Automobiles.
A cavalcade of wrecked automobiles wheelbarrows and peanut patchers, all symbols of the depredations committed by "Mr. Carelessness" during his life, will form part of the procession. One of the wheelbarrows will carry Mr. Troy, and from this vantage he will play Chopin's march on his harp. At Five Points the procession will halt and Mayor Key and Councilman Walter Sims will direct the last rites.

Professor W. A. Sutton, of the city schools, is co-operating with the junior chamber in its big work and has arranged for special lessons in safety first to be taught in the schools each day during the week. He has enlisted the aid of the teachers in all the schools through a letter asking their co-operation.

In the letter Professor Sutton states that sixty persons were killed by automobiles in the city of Atlanta between the month of August, 1921 and 1922. Twenty-five of these were children, and during the same period 208 other children were injured, out of a total of 513 persons struck by automobiles. These facts are eloquent enough of what should be done, Professor Sutton declared.

Traffic Violations.
The numbers of several hundred automobiles were taken Saturday by committees representing the Citizens' Safety association with the view of checking the various forms of traffic violations. In this co-operating with the junior chamber in its work of Safety Week, these committees have recorded practically all forms of traffic violations, but particular attention was given those affecting directly and

'Made in Atlanta' Show Now Ready To Greet Crowds

Big Exhibition Will Be Formally Opened to Public at 7 O'Clock Tonight.

The result of several weeks of intensive preparations will be presented for the entertainment of the Atlanta public Monday night when the "Made in Atlanta" exhibition at the auditorium will be thrown open for the thousands of visitors who are expected in view of the interest shown in the approach of the show. "How to make" everything from ice cream or paper bags to automobile tops will be shown, and directors of the exposition declare that a tour of the exhibits will be like visiting every industrial plant in Atlanta, except that it will require far less time and will be much more convenient.

Monday, during the last hours before opening the show, feverish activity will mark the last minute preparations as electric wires are connected with booths, motors set spinning for a test, and every exhibit put in shape to go at full blast when the crowds begin to arrive at night. No admission will be charged, and, although little people will be welcomed at all times, Saturday has been especially designated as children's day and those conducting the show hope to make it of real educational value to the youngsters.

In the weeks of preparation for the show, miniature machinery for manufacturing Atlanta products has been installed and a number of exhibitors have constructed special machinery for use in making the public acquainted with the methods entering into the making of their goods. Manufacturers whose products require machinery too heavy for temporary installation will have exhibits showing the materials used in their goods and samples of the goods in various stages of manufacture.

People who always want to know just how things are made and the exact materials entering into their construction will find one evening far too short a time for a tour of the exhibits. Even a knowledge of how motor trucks and paints are made will not be denied the visitors, and there will be many valuable samples of Atlanta made products distributed by the exhibitors.

Monday night at 7 o'clock the rooms will be thrown open for visitors and throughout the week from 10 a. m. to 10 p. m., visitors are cordially invited to see the exhibits and carry home free souvenirs, as well as partake of thousands of Eskimo pies and other forms of ice cream.

SAYS U. S. PROTEST WOULD STOP TURKS AND END TROUBLE

Declares If America Had Retained Interest in Europe, the Present Crisis Would Not Have Come.

AUTHORITY ON EAST REVIEWS SITUATION

Mustapha Kemal Would Undoubtedly Observe Any Protest Emanating From U. S., He Asserts.

Boston, September 17.—Protest from the United States government would stop the onward sweep of the troops of Mustapha Kemal, the Turkish Nationalist leader, toward Constantinople, Dr. James L. Barton, chairman of the Near East relief, declared in an exhaustive interview with the United Press here last night. Dr. Barton, who spent years of work as a missionary in the Near East is considered one of the foremost authorities on the problems of Asia Minor.

"The only solution that I can see for the termination of the present state of affairs in Asia Minor today is for the United States to send Mustapha Kemal a strong note of protest against invading the neutral zone that surrounds the Dardanelles and Bosphorus," said Dr. Barton. Mustapha Kemal has too great a respect for the United States to refuse such a proposal. "For the United States to join with England, France and Italy would bring an end to the present trouble."

"If America Had—"
Had the United States continued her participation in European councils, the present grave situation in the Near East would not have arisen, Dr. Barton said.

While Dr. Barton believes that Mustapha Kemal has already received aid from the Russian soviet government and that gold is being supplied the Turks, he knew Kemal well enough to feel sure the Turkish leader will take everything the soviet offer as long as he does not have to sacrifice any of his power.

"The fear of being overpowered by the Russians will make Kemal cautious," Dr. Barton declared. "At the same time I feel sure that he would rather unite with the soviet and take chances with them than allow himself to be defeated at the hands of the allies."

Charges Pro-Turk.

Commenting upon the statement of General Sir Charles Townsend that the "allies must surrender Constantinople or precipitate a holy war," Dr. Barton said: "That would never happen if the allies maintain unity. But if England attempts to strike alone an uprising of the Moslems in Egypt and India might follow." Here Dr. Barton reiterated his statement that Constantinople must never be given to the Turks if the peace of the future is maintained. Dr. Barton

Turks Make Threat To Pursue Greeks Into Neutral Zone

150,000 IS TOLL
OF LIFE IN SACK
OF SMYRNA CITY

Only Blackened Ruins Left to Mark Site Where the Busy City Recently Stood.

EFFORTS FOR RESCUE HAMPERED BY TURKS

Horrible Sights on Every Side—Hospital Patients Burned, Women Outraged and Murdered.

Constantinople, September 17.—More than 150,000 lives were lost in the sacking of Smyrna, according to the latest information. The city has been utterly wiped out. Only blackened ruins remain to mark the spot where the busy trading metropolis of the Levant once stood. Even the Turkish quarter has been wiped out as the flames eventually spread there and completed the destruction of the city. Shells from a Greek warship in the harbor shattered most of the walls that withstood the flames.

Sailors from the allied warships anchored nearby did heroic work in rescuing the victims, but the Turks are said to have tried in every way to hamper them.

Refugees huddled in terror on the quays were taken aboard the destroyers as fast as possible, but the ships were entirely inadequate to meet the demand. One American destroyer took on 800 and threatened to sink with its excess cargo.

Horrible sights are to be witnessed everywhere in Smyrna. Bodies of the massacred Christians are scattered on every side. Stories of atrocities grow with astounding rapidity as details of the horror are gathered. Hospital patients were burned in their beds, it is claimed, and women were outraged and murdered.

SCENE OF HORROR.

Smyrna, September 17.—(By the Associated Press).—Smyrna, which the Turks have called the eye of Asia, is a vast sepulchre of ashes. Only the shattered walls of 25,000 homes and the charred bodies of countless victims remain to tell the story of death and destruction unexampled in modern history. The ruins are still smoldering like a volcano which has spent its fury. No effort has been

ALFRED AUSTELL DIES ON SUNDAY

Funeral Services Will Be Held From Home of Sister, Mrs. Leila Thornton, This Afternoon.

Alfred Austell, son of the late General Alfred Austell, died at his plantation home in Douglas county at 12:30 o'clock Sunday morning. He was 46 years old.

The son of the founder of the Atlanta National bank, Mr. Austell remained in close touch with his banking interests, as a member of the board of directors. General Austell, his father was the first president of the institution.

Mr. Austell had for the past several years made his home at the ancestral plantation, which has been the property of the family for generations. He was graduated from Yale in 1900, and from the Yale law school in 1903. He received his preparatory education at the Pennsylvania Military institute. Mrs. Leila Thornton, his sister, and one brother, W. W. Austell, survive him.

His education well rounded he entered the banking business instead of practicing law. Later in his business career he was identified with a number of business ventures outside of banking circles.

Mr. Austell was a member of the Masonic order, the Elks, and several clubs. He attended the First Presbyterian church. The funeral will be held from the home of his sister, Mrs. Leila Thornton, 611 Peachtree at 3:30 o'clock this afternoon.

George R. Donovan, E. B. Cunningham, Dr. A. L. Fowler, Stewart Boyd, Ed Austin, J. S. Kennedy, Frank Ingle, and H. R. Kennedy will act as pallbearers. The directors of the Atlanta National bank will be honorary pallbearers. Barclay & Brandon in charge.

Action Will Be Defiance of British Ultimatum Demanding Integrity of Neutral Zone.

FORCES OF BRITAIN BADLY OUTNUMBERED

Reinforcements Necessary If Britain Is to Successfully Defend the Straits. Australia Pledges Aid.

BY THE ASSOCIATED PRESS.

Constantinople, September 17.—The Angora government has informed the allies that if the remainder of the Greek army in Asia Minor attempts to retreat across the neutral zones of the Dardanelles, the Kemalists will disregard the neutrality of the straits and pursue the Greeks in international territory.

The Greek military mission has left Constantinople.

DEMAND GREEKS, LEAVE TURKEY.

Constantinople, September 17.—By the Associated Press.—The immediate withdrawal of Greek forces from Turkey has been insisted on by Mustapha Kemal Pasha, the Turkish nationalist leader, in conversation with Sir Harry Lamb, the British high commissioner, during a visit of Sir Harry to Kemal in Smyrna.

Sir Harry's visit to Kemal was to ascertain the attitude of the nationalist government toward Great Britain. Kemal informed him that Turkey was not fighting against Great Britain, but that Great Britain had obstructed the free development of Turkey.

"We lost the wars and sincerely desire peace and reconstruction, but we cannot resign our rights as an independent nation," declared Hamid Bey, Kemal's representative in Constantinople, in replying today to a question concerning rumors of an attack by the Turkish army against the straits. "We have not been intimidated by our successes."

"The reconquest of the richest portions of Anatolia has augmented our resources, improved our finances, and our army, which suffered very little, as the Greeks nowhere fought a serious battle is seething with the desire to complete the work of liberation of the homelands under enemy occupation."

Turkish concentrations at Imid continue, and the British are bringing up troops, but it is hardly possible that they will be able to defend the neutral zone against the well-trained Kemal army.

Allied military experts take the view that a force of 83 battalions will be required to defend Constantinople and the straits. The allied forces of occupation total about 20 battalions, mostly incomplete, but landing parties from more than 50 warships can make up the deficit.

Notification of the allied governments' decision to convene a conference for discussion of the Turkish situation has not yet been made, but it is believed that the Angora government will decline to participate in such a conference unless the allies adhere to the viewpoint of that government.

REGIMENT ORDERED EAST.

Gibraltar, September 17.—The first North Staffordshire regiment of 1,000 men has been ordered eastward. Although the destination of the contingent is being withheld officially, it is believed the regiment is being dispatched to Constantinople to reinforce the British troops there.

AUSTRALIA TO SEND HELP.

Melbourne, Australia, September 17.—Premier Hughes has cabled Lloyd George that Australia is ready to join the home government in whatever action is necessary to protect Gallipoli.

Troops will be sent if necessary. Premier Hughes advised. This action was taken promptly on receipt of a request from London for assistance in the Near East.

BRITISH DISARM INDIAN TROOPS.

Washington, September 17.—Demonstrations among native troops in India in celebration of the recent

The Weather CLOUDY.

Washington—Forecast:
Georgia—Cloudy in north; showers in south portion Monday and Tuesday.
Virginia and North Carolina—Fair Monday and probably Tuesday; continued cool.
South Carolina—Cloudy in north; showers in south portion Monday and Tuesday.
Alabama and Mississippi—Partly cloudy in the interior, probably showers near the coast Monday and Tuesday; moderate northeast winds.
Florida, extreme Northeast Florida—Cloudy with showers Monday and probably Tuesday.
Tennessee and Kentucky—Fair Monday and Tuesday; no change in temperature.

Turkish victories in Smyrna have led to the disarming of Mohammedan troops by British officials, according to a statement issued by the American commission to promote self-government in India.

Students of the university at Alankah paraded Friday carrying the green flag of Islam in conjunction with the Indian nationalist emblem, the commission declared, and the marchers were joined by "scores of Mohammedan troops." Similar demonstrations were asserted to have taken place at Allahabad, Delhi, Lahore and other cities.

"Where the troops are not actually disarmed, they are being confined to their barracks under guard" the statement said.

Shredded Wheat

If you like peaches and cream you will like them better with Shredded Wheat, and you will find the combination is far ahead of ordinary peach cobbler or shortcake because it is made of the whole wheat, baked crisp and brown, ready-cooked and ready-to-eat. Two Biscuits with sliced peaches, or any other fruit, make a perfect meal, supplying all the nourishment that is needed for work or play.

Made only by the Shredded Wheat Company, Niagara Falls, N. Y.

The Turkish frontier in Europe. It declares that all hands agree that Constantinople must be returned to the Turks and Kemal Pasha, and now Mr. Lloyd George is "trying to retrieve his shattered reputation, through the downfall of his Greek policy, by arranging a wanton war and supposing that he can arouse the nations as Gladstone did in the 70s of last century about Bulgaria."

While The Mail has pro-French proclivities, it verses an opinion which is quite prevalent. "Great Britain's one true interest is freedom of the straits, which can be attained by negotiation" the paper continues. "There is not the smallest need to plunge Europe into war and alienate the whole Mohammedan world about the straits."

FRANCE FAVORS MORAL SUASION.

Paris, September 17.—(By the Associated Press.)—The French government's policy in the Near East, while committed to the freedom of the Dardanelles and the Bosphorus, is declared to favor moral persuasion rather than military and naval arguments. The semi-official note published in London Saturday night, asking the Balkan states to co-operate with Great Britain effectively to defend the Straits against Turkish aggression has met with a lukewarm reception in French official circles.

Precipitated military and naval preparations against what is termed a problematical attack from Mustafa Kemal Pasha, the Turkish nationalist leader, are considered here to be ill-timed. France holds the inside track with the Ankara government by virtue of an agreement signed between Henry Franklin Bouillon, head of the foreign relations committee of the chamber of deputies, and Mustafa Kemal Pasha in 1921, and the French government considers that military preparation on the straits would be waving the red flag to an army flushed with victory.

It is felt at the Quai D'Orsay that in this "moral persuasion policy" the French have the support of Italy, and it is reported that Premier Poincare informed King Alexander of Yugoslavia as to the French view in his talk with him Saturday. The French hold that Mustafa Kemal Pasha will be amenable to persuasion; that he will respect inter-allied supervision of Constantinople from Scutari, which will be satisfactory to the French while if military pressure is threatened the nationalist leader may be compelled by his victorious troops to march on Constantinople.

That the Turkish nationalist government has every intention to accept the decision of the European powers that the Straits must remain open is the gist of unofficial information that has been conveyed from the Quai D'Orsay or Mustafa Kemal Pasha in the past few days.

It is felt that while Kemal has had no time to reply, the Ankara government will understand that the marching on Constantinople would cause irreparable loss of the sympathy of the European powers.

150,000 IS TOLL OF LIFE IN SACK

Continued from First Page.

made by the Turks to remove the dead and dying. The streets are full of the bodies of those who sought to escape, for the most part women and children.

Every building in the Armenian quarter has been burned, with the dead lying about. The bay, which covers an area of fifty acres, still carries on its surface the poor remnants of those who were massacred or sought to escape the ruthlessness of the fire. One waterfront holds thousands of survivors who fear death at the hands of soldiers; there are no boats to take them off.

One ship captain declined to take any of the wretched sufferers, but in contrast to his indifference Captain Walters, of the American steamer Winona, rescued 1,800 and took them to Piraeus. American sailors of the destroyer Litchfield snatched 450 orphaned boys from the pier and carried them safely to Constantinople. The Jack Tars slept on their iron decks or under torpedo tubes while the youngsters occupied their bunks. In all the acts of gallantry by the Americans at Smyrna there was none more inspiring than this.

The director of the Armenian orphanage established by the American committee for relief in the Near East committed suicide by drowning. Scores of others followed his example.

Dr. McLaughlin, president of the American college, was severely beaten by Turkish irregulars and his clothes and money seized. He was taken aboard the British dreadnought Iron Duke. He attributed his escape from

death due to the fact that he can speak Turkish and worked a ruse on the Turks.

E. M. Fisher and E. O. Jacob, directors of the Y. M. C. A., were held up and robbed by Turkish soldiers and when attempting to escape were fired upon. The shots, however, went wild and they reached a place of safety.

A temporary American consulate in charge of Vice-Consul Maynard B.

The following Americans are remaining in Smyrna: Major Clifton Davis, Dr. W. E. Post, G. H. Hulse, Chester Griswold, Cass Read, R. J. Moreman, C. J. Lawrence, S. L. Caldwell and E. G. Jacobs.

The following have left for Constantinople: H. C. Jacquith, Constantine Brown, Irving Thomas, Mark Prentice, E. R. Fisher, E. M. Yantes, Messrs. Crave and Jolin, Miss E. A. Evon, Miss S. Corning and Miss Way.

REFUGEE FLOOD PRESENTS PROBLEM.

Athens, September 17.—(By The Associated Press.)—The arrival of thousands of refugees at Piraeus has brought a grave problem to the Greek government and unless private assistance is given, the destitute people may fare badly. The government, even with the best intentions, will be unable to provide the means to care for the refugees.

Yesterday's Athens papers were loud in their praises of the American naval detachment at Smyrna for the services rendered refugees in the burning city.

SECRET WEDDING OF ATLANTA MAN NOW ANNOUNCED

Cincinnati, Ohio, September 17.—The secret wedding has just now been announced of Miss Grace Elston, of this city and Tallmadge L. Thompson, of Atlanta, Ga., which was solemnized May 20 last.

The couple, motoring to Falmouth, Ky., for the ceremony which took place at the Methodist parsonage in that city in the presence of only a few intimate friends of the bride and groom.

The charming young bride stands well in society and has a host of friends wishing her well in her matrimonial life. Mr. Thompson is favorably known among the younger clubmen of this city as he has often visited friends here during his courtship of his bride.

Officials Who Figured In Local Bank Merger

ASA G. CANDLER, SR.

MILLS B. LANE

W. W. BANKS

ASA G. CANDLER, JR.

FRANK HAWKINS

CARL LEWIS

The bank officials, who figured prominently in the merger Saturday of the Central Bank and Trust company with the Citizens and Southern bank, are:

Asa G. Candler, Sr., who retires as head of the old Central bank as a result of the merger; Mills B. Lane, president of the Citizens and Southern system of banks; W. W. Banks, executive manager of the Atlanta branch of the system, who conducted the negotiations for the merger with Asa G. Candler, Jr., officer of the Central; Frank Hawkins, chairman of the board of directors of the Citizens and Southern; Carl Lewis, cashier of the Central, who will become vice president of the Citizens and Southern in active charge of the new branch, which will be formed of the Central as a result of the merger.

Barnes has been established on a quay at the end of town. The Stars and Stripes is the only foreign flag ashore; it is an inspiring sight amidst the ruins and desolation. The American destroyers Lawrence, Edsall and Simpson are still here; their officers and crews have been practically without sleep for five days and are doing salient work. The only American property which escaped destruction were the Standard Oil plant and two tobacco warehouses in the outskirts of the city.

The following Americans are remaining in Smyrna: Major Clifton Davis, Dr. W. E. Post, G. H. Hulse, Chester Griswold, Cass Read, R. J. Moreman, C. J. Lawrence, S. L. Caldwell and E. G. Jacobs.

The following have left for Constantinople: H. C. Jacquith, Constantine Brown, Irving Thomas, Mark Prentice, E. R. Fisher, E. M. Yantes, Messrs. Crave and Jolin, Miss E. A. Evon, Miss S. Corning and Miss Way.

WIDOW OF BANKER DIES IN SAVANNAH

Savannah, Ga., September 17.—(Special.)—Mrs. Henry Blunn died at her home here late today. She was the wife of the late Henry Blunn, president of the Germania bank and leader in business here for many years, and the mother of Henry Blunn, former postmaster of Savannah, and of Walter Blunn, another prominent Savannahian.

J. S. TURNER DEAD AT LAWRENCEVILLE

Lawrenceville, Ga., September 17.—(Special.)—J. S. Turner, 71, died at home Friday afternoon after a short illness. Mr. Turner was a well known citizen in his community and had resided near Pittman's Crossing for 40 years. He was a member of the Methodist church and an Odd Fellow and is survived by his wife and seven children, Frank, Thomas and W. H. Turner, and Mrs. J. J. Herington, of Gwinnett county; R. T. J. C. Turner and Mrs. Elizabeth Edge, of Atlanta. The remains were interred at Mount Carmel Sunday morning.

Vera Cruz has a naval academy modeled after Annapolis.

AUTO HITS BUGGY; WOMAN IS INJURED

Harlem, Ga., September 17.—(Special.)—D. J. Sheppard, white, driving his Ford last night on the Appling road five miles north of Harlem, ran into a horse and buggy, driven by Ernest Connell, killing the horse and demolishing the buggy. Mrs. Connell, who was in the buggy with her husband, was seriously injured, receiving a cut on the forehead, several ribs were bent in and internal injuries suffered. She had a sinking spell this afternoon. Mr. Connell was badly bruised. So far no case has been made against Sheppard.

Some one unknown, shot into the home of H. L. Turner at Sawdust, one mile west of Harlem last night, the bullet, a steel jacketed one, passed just above the heads of Mrs. Turner and her children. So far no arrest has been made.

ARMY DIRIGIBLE AT SAN ANTONIO ON LONG FLIGHT

San Antonio, Texas, September 17. Completing the longest leg of its transcontinental flight and combatting the roughest weather encountered since leaving Langley field, September 14, the United States army dirigible C-2 landed at Brooksfield here at 1:45 P. M. today having covered 850 miles from St. Louis in 16 hours and 20 minutes.

German Red Cross Given Million Marks By James M. Cox

Berlin, September 17.—The German Red Cross has announced the donation of a million marks by former Governor James M. Cox of Ohio, and democratic candidate for president of the United States in the last election. The money is to be principally used in aiding German students.

3,000 Atlantans Enjoy Symphony Orchestra Treat

Musicians of the City Give Splendid Program With- out Rehearsal.

BY FUZZY WOODRUFF

About 3,000 people of Atlanta felt a mighty urge for an Atlanta symphony orchestra yesterday afternoon. The urge was impelled by an Atlanta symphony orchestra playing as remarkable a concert as Atlanta has ever had.

Larger orchestras and better orchestras have appeared in Atlanta. They have played more pretentious programs. But no orchestra ever attempted and accomplished what that orchestra did Sunday afternoon at the Howard theatre.

A call was issued for all the theatre musicians in Atlanta to come along at 3 o'clock and bring their instruments with them. A program was selected—and it wasn't a simple program.

The musicians—some 70 of them—took seats in chairs before music racks and then and there got their first glance at the program they were to play.

Play Without Rehearsal. They played too—played it without rehearsal, played it with surety, with scholarship, with fire, with inspiration.

The concert was given by the Atlanta Woman's Club to usher in better films week. The week couldn't have been given a more auspicious opening. The concert hadn't been advertised to any extent, but a half hour before the musicians arrived, the great theatre was filled, and by the time they entered the pit, it was filled to overflowing.

And what a program. I've said there have been more pretentious programs played here. That is true. It is equally true that there has never been a more pleasing program.

It was thoroughly democratic and therefore thoroughly enjoyable. Rossini's immortal "William Tell Overture," Grieg's heavenly "Peer Gynt" suite, Handel's majestic "Largo," the entrancing "Glow Worm," von Suppe's stupendous "Poet and Peasant" and his dashing "Light Cavalry."

But it seemed to me that it was peculiarly fitting that with the musical schools of Italy, Germany, and Scandinavia, so eminently represented that the really great musical treat came when that orchestra was swept into the soul stirring strains of "The Stars and Stripes Forever."

The Great Sousa March. Sousa wrote probably the greatest musical composition ever done in tempo di marches when his genius produced this fine old march, and though it has been played and played by every musical organization that the world knows, it has rarely so seized as great a crowd as it did that one of Sunday afternoon.

Atlanta has always had a very definite idea of the musical ability of Enrico Leide. That idea grew and grew throughout the concert. His scholarship and his personality had swept away any necessity for a rehearsal of the orchestra, but when that man lifted his baton for "The Stars and Stripes" he was not only inspired himself, but he had every man Jack of those three score and ten musicians inspired as well. And when he had concluded the number he had everyone of those 3,000 Atlantans ready to leap to their feet and yell their heads off or storm a grim and forbidding fortress or even so tax their patriotism as to register and vote.

It was a big moment brought about by a big man.

Vocal Number by Eakin. Then, adding variety to the program, there was a vocal number by Riley Eakin, radiantly beautiful, perfectly groomed, altogether charming, singing Cadman's familiar "At Dawning" with remarkable sweetness and skill.

Throughout it all, there was this undercurrent of thought throughout that whole audience: Why can't we have this every week? We have the musicians. That's proven. We have the setting. We have the leadership and we have the capacity for enjoyment and heartfelt appreciation.

There were many present who saw in the afternoon the beginning of a great symphony that is destined to carry Atlanta's fame abroad. And the people who saw this were not visionaries. They were hard-headed business men, who observed that 3,000 men and women and children came out of the Howard better men, women, and children, and better Atlantans than they were when they went in.

Police Reserves Called to Quell N. Y. Race Riot. New York, September 17.—Bricks, razors, clubs and fists were the weapons that sent six victims to hospitals and a score of others seriously injured to physicians for treatment early today as the result of a race riot between whites and blacks that grew out of the invasion by negroes of a neighborhood tenanted by white families. Police reserves quelled the battle. Three of the six seriously injured are under arrest and under police guard in hospitals. They are white men, all charged with felonious assault. They are suffering from razor cuts, stab wounds and broken heads. A negro and two negroes also are in hospitals, but have not been arrested.

The battle occurred in West Fifty-ninth street in the upper westside where, the police say, trouble has been brewing for some time following invasion of the neighborhood by the blacks. Early today a party of white men is alleged to have invaded a hall where a celebration of negroes was in progress. They were ejected, badly beaten, the police say and later they dragged two negroes and a male escort from a taxicab and set upon them.

Robert S. Hitchens, the author, is 58 years old.

In Smith's Laxative Cold Tablets we have a combination of drugs of proven therapeutic value in breaking up colds. They are mildly laxative, free from opiates and are recommended to give prompt relief in acute colds of all kinds. . . . 25c

CO-OPERATIVE SALES MONEY FOR MONROE

Juliette, Ga., September 17.—(Special.)—The co-operative marketing movement is proving so successful in Monroe county that farmers no longer worry over the boll weevil invasion. Numerous co-operative sales of hogs, poultry and other products recently have brought in thousands of dollars and several sales will be held at Forsyth soon.

A big acreage has been planted in fall vegetables, and farmers expect to organize for co-operative selling. Farmers of the Blount section will ship soon several carloads of English peas and farmers of other sections have arranged for carload shipments this fall of onions, tomatoes and other products.

During 1931 there were 29,500 students enrolled in private business colleges in Canada.

Beaten by One Vote, Editor Takes Defeat Without a Protest

Bainbridge, Ga., September 17.—(Special.)—With two representatives to be elected from Decatur county, E. H. Griffin, editor of a local paper, was the loser in a three-cornered race by a margin of one vote. Editor Griffin has formerly been one of Decatur's representatives and is well-known in the general assembly. He says that he does not wish a recount of the votes nor will he contest the election. G. B. Toole, of Bainbridge, led in the representatives' race and T. M. Hines, of Atapulgus, was second, defeating Mr. Griffin by one vote.

Cherokee Presbytery. Summerville, Ga., September 17.—(Special.)—The fall meeting of the Cherokee Presbytery will be held at the Presbyterian church here Tuesday, the meeting having been postponed for a week on account of court and the primary election. The entertainment committee will assign ministers and elders to the various homes, where they will be entertained during the meeting.

Plan New Church. Juliette, Ga., September 17.—(Special.)—The building committee of the McDonough Presbyterian church has completed plans for extensively remodeling the church. The plans embrace the addition of a Sunday school room excavated in the basement and several thousand dollars will be spent in improvements.

Arabic is the tongue of hundreds of millions of people.

More Indictments Expected Shortly In Herrin Probe

Marion, Ill., September 17.—Indictments of 30 more persons, bringing the total number to 88 indicted by the grand jury investigating the Herrin mine massacre, are expected this week, during which the grand jury is expected to conclude its sessions. The jury will convene Sunday morning, after a week in which attorneys for the state have prepared new evidence and calls for additional witnesses.

Production of crude oil in this country last year was 469,630,000 barrels.

EIGHT BREAK MACON SUNDAY BLUE LAWS

Macon, Ga., September 17.—(Special.)—Eight violators of Macon's Sunday blue law enacted last week by city council were summoned today to appear before Recorder Hunter tomorrow morning. The ordinance provides that only drug stores, filling stations, bakeries and restaurants shall remain open on Sunday, while meat and fish markets are allowed to remain open until 10 a. m. to deliver Saturday night orders. Violators summoned today are charged with selling meat and groceries after hours. Over 26 murders a day are committed in this country.

The Silks of Autumn In Beauty Supreme Rival Every Hue That Fall Will Wear

Our Quality Silks

From every source that produces silks of unusual design and beauty—of quality that is unusually high—our silks for the season have been assembled. Many are of a different and exclusive nature that will surely delight the discriminating woman—and these will be seen only in our own exposition of silks.

The same high quality prevails throughout for which our silks have ever been famous. You are cordially invited to come and enjoy their beauty. It is always our pleasure to show them for your enjoyment.

New Fall Shades

as varied as the colors that nature flaunts from every hill and dale are the new shades seen in the silks and velvets for fall.

Every familiar hue is here and many new ones—truly an embarrassment of beautiful riches!

The prices of silks for the fall season are indeed moderate.

Never were such beautiful silks shown and never at more reasonable prices. Better silks cannot be bought—and certain it is that silks as good cannot be bought for less.

Lustrous, gleaming silks of marvelously beautiful weave and design—in shades of incredible loveliness! Of universal appeal, of unapproachable beauty, silks will reign supreme as the popular fabrics for fall and winter wear---

U. S. NEGOTIATIONS WITH SOVIET FAIL

Russian Pride Bars Consent to Visit by American Committee of Economic Experts.

Berlin, September 17.—(By the Associated Press.)—The informal negotiations which have been carried on for the past two months between the American ambassador, Alanson B. Houghton, and George Tchitcherin, and Leonid Krassin, the Russian soviet foreign minister and minister of trade and commerce, respectively, in connection with the American government's suggestion that Russia permit a committee of American experts to investigate economic conditions in that country, came to a negative conclusion when M. Tchitcherin this afternoon delivered the Moscow government's reply to the ambassador.

The reply reiterates Russia's demand for a reciprocal arrangement, and declares that any agreement which failed to provide for a "return engagement" would be calculated to place the Russian people in "a position of inferiority," the latter observation constitutes a recurring motive in the official Russian declaration and was further emphasized in a dozen variations by M. Tchitcherin in the course of an elaborate oral statement to the American correspondents.

The Russian attitude as indicated in the reply to the American ambassador primarily resolves itself into a question of political prestige and pride.

M. Tchitcherin declared: "The Russian people would feel that the country had been reduced to the rank of Egypt and would therefore never tolerate such an infringement on equality among nations if the American government refused Russia permission to dispatch a similar investigating body to the United States."

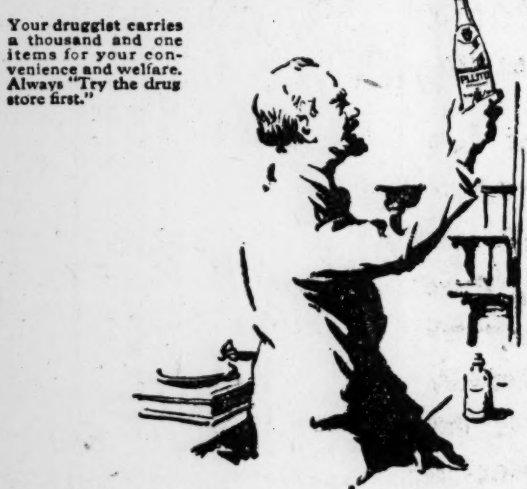

114-YEAR-OLD NEGRO JAILED IN CHICAGO

Chicago, September 17.—A 114-year-old Tennessee negro is experiencing a new sensation, he says. He is in jail. Sanford McCoy, who says he was born on the Dr. David McCoy plantation in Wilson county, Tennessee in 1818, was arrested today on a charge of attempted highway robbery. His would-be victim laughed good naturedly and pushed the wrinkled-faced negro aside when he tried to rob him. A policeman couldn't see the joke and arrested Sanford.

The negro says he ran away from his old southern master and came to Chicago in 1828, when there were scarcely "nigger" than two people here. He will be tried tomorrow.

Why Your Druggist Recommends Pluto

Your druggist knows that constipation is the forerunner of most sickness and demands prompt relief. That is why he recommends Pluto Water.

He knows Pluto acts in 30 minutes to two hours. He knows Pluto is a harmless water laxative—it gently flushes the system. He knows Pluto is sure, safe and does not gripe.

Today, or this evening, stop at the drug store—take home a bottle of Pluto Water. In case of sickness the best plan is always to call a doctor, but Pluto is a splendid safeguard in the home; its timely use often prevents sickness. For children as well as adults; vary the dose according to age.

Mrs. Harding Plans For Convalescence At White House

Washington, September 17.—Mrs. Harding, now on the road to safe recovery from her recent serious illness, probably will spend the entire recuperative period at the white house, it was said today by those close to the executive family.

Since announcement that anxiety had passed as to the outcome of her illness there have been various reports that Mrs. Harding would go to the mountains, or seashore, or to some quiet spot in the interior as soon as she was able to travel. Authoritative information, however, is that the white house physicians have decided there would be less danger of a setback if the patient was kept here for some time to come.

President Harding also was said to have definitely given up his plans for a vacation this year. Early in the year preparations were made for the president and Mrs. Harding to make an extended tour through the west and then to Alaska. Important matters arose one after another, however, which necessitated repeated postponement and final abandonment of this trip, the impediment a culmination in Mrs. Harding's critical illness.

OUTBREAKS THREATEN STRIKE PEACE PLAN

Continued from First Page.

that the striking shopmen of the Seaboard Air Line railroad here will return to their work tomorrow, the announcement following the Norfolk conference of Saturday.

It is likely, it is said, that practically all these men will be taken back as the road in question has less than 50 per cent of its shop force at work. The decision for settlement and return to work affects 400 men here.

STRIKEBREAKERS HELD FOR ASSAULT

Augusta, Ga., September 17.—(Special.)—Five men said to be strikebreakers were arrested here tonight and carried to Aiken, S. C., where they are being held in connection with the beating up of P. E. Thomas, foreman of the Southern shops at Hamburg just across the river from Augusta six weeks ago.

Thomas was bound, gagged and beaten and told to leave the city by his assailants. The names of the men arrested are Virgil Thomas, Fred Thomas, J. H. Martin, G. Odum and "Burrhead" all of Augusta. The warrants charge the men with assault and battery with intent to kill. The men were removed to the Aiken county jail on requisition papers signed and approved by Governor Hardwick.

Houses of grass are used in Africa, and in many civilized countries. Cockroaches are red in Easter Island, those in this country black.

THOMASVILLE HOST TO ROTARY CLUBS

Thomasville, Ga., September 17.—(Special.)—A meeting of much interest to Rotarians not only in Thomasville, but throughout the state and in Florida, is the conference of the presidents and secretaries of Rotary in the thirty-ninth district to be held here Wednesday and Thursday, September 20 and 21. Presidents and secretaries, or their representatives, from every club among the thirty-five in these states will visit Thomasville to attend this conference, at which there will be a general and specific discussion of all the points of international Rotary that govern and control the policies of individual clubs.

The delegates will be called together on Wednesday morning at the Y. M. C. A. building by Porter Pierpont, district governor, of Savannah. Luncheon will be served at the tea room in charge of the district governor and John Turner, of Tampa, Fla. international vice-president, who will be a guest of honor. Wednesday evening the visitors will be taken to the Thomasville Club camp at Lake Lanonia, where they will be entertained informally at a fish fry.

After the meeting Thursday morning the conference will adjourn for luncheon to be given by the local club at "Greenwood Plantation," the estate of Harry Payne Whitney, of New York, where Fred Locless will be in charge.

Seventy or more guests are expected and a special Pullman has been engaged to bring the Florida delegation.

Farmers of Monroe Turn to Dairying And Apple-Growing

Juliette, Ga., September 17.—(Special.)—An aggressive campaign in the interest of permanent pastures is being waged by the milk producers of Monroe county. Practically every dairyman has pledged himself to do some permanent pasture work this fall. Seed are being bought on a co-operative basis and in that way a considerable savings results. Burr clover, timothy, rape, oats and other winter grazing crops are being planted and will be followed in the spring by grasses suitable for summer grazing.

The dairy industry is receiving considerable attention now, hundreds of dollars worth of milk, cream, and butter being shipped each week. The cattle tick has been exterminated and farmers have imported pure-bred stock.

The production of apples in Monroe county this season is said to be larger than in many years. For the first time in the county's history, apples are being shipped this season and all the growers have realized big profits. L. A. Ponder, one of the largest growers, has already shipped several hundred bushels. During the past several years thousands of apple trees have been set out and this year many young orchards are bearing for the first time.

IN ATLANTA, BY L. F. W.

Continued from First Page.

main auditorium of the church. It takes a fairly big building to accommodate two hundred men, and as those men entered, I noticed that they were persons that we are fond of describing as "he men."

I noticed shrine emblems on lots of lapels and Eklis badges on others and American Legion buttons and wound stars on many of the younger ones, and on every face there was a brightness and a cordiality that we don't see on week days in the rush and bustle of life downtown, and it all seemed tremendously worth while.

It was more worth while when we were all seated and lifted up some of the old-time hymns of militant Methodism. They were those soul stirring, back straightening, head bowing compositions of Charles Wesley, and old Isaac Watts, and Fannie Crosby, the like of which have never been written and never will be.

As they sang I felt a peculiar tingling pride in the fact that I didn't have to look at the hymn book to recall the familiar words, and I noted with pleasure that when there was a brief prayer by the pastor, the Rev. N. A. Pierce, there were hearty and deep-throated, "amen's" from various sections of the edifice, punctuating his periods.

SOME OLD-TIME RELIGION.

FOR was it a bit embarrassing when Judge John S. Candler taught the Bible lesson, he threw in some old-time "hell fire and brimstone" preachments that seemed to be pretty much directed at backsliders like myself, if there are any backsliders like myself.

His address was eloquent and erudite and at the same time it was homely and had the power of stirring memories.

Which after all, it would seem to me is the proper function of the church. Nature has provided that only the memories that are good remain sweet in the minds of men. And nature has provided no pleasure that heartens or soothes or inspires like the recalling of men and women and things that have been.

Maybe that's the reason that two hundred men assemble at that church every Sunday morning. Anyhow, it's the reason that will bring me back there sometime.

NO RIFT IN VEIL SHROUDING DEATHS

Continued from First Page.

mediate neighborhood for the work she had done as the leader of the church choir.

County Detective Totten said that all aspects of the case still remained "baffling." He added, however, the theory that robbery was the motive of the double shooting had been discarded. When the rector's body was found his gold watch was missing and only a few cents were in his pockets.

Expect Trapshooter.

The detective said that Mrs. Hall had been questioned twice by himself and his assistants, and Charlotte Mills, the 16-year-old daughter of Mrs. Mills, once at some length.

Totten said it had been learned that Mrs. Hall was an expert trapshooter.

Mrs. Hall told him, Totten said, that after her husband received a telephone call Thursday night he informed her that he was "going over to straighten out the Mills' bill."

She explained to the detective that this referred to Mills' wages as set-

tion. She related that when her husband did not return, she grew very nervous and at about 4 o'clock went to the church to see if he had been "detained there."

Mrs. Hall, according to Totten, said she thought her husband had gone to the church.

Went to Church.

Detective Totten pointed out that Mills had told him that it was a telephone message, which also called his wife from their home on Thursday night. It was in answer to a question from Mills' message that the section said his wife answered "if you really want to know where I'm going, follow me and find out."

Significant Remark.

Detectives also attached significance to the fact that Mills told them that when his wife failed to return Thursday night he, too, went to the church about 2 o'clock "for spiritual consolation," and remained some time, but that he did not report meeting Mrs. Hall there until about 9 o'clock in the morning.

A conversation which occurred last week in the headquarters of the local fire department, which the police think may have some bearing on the case, was unearthed by the authorities today. Fire Captain Michael Rigin was passing the time of day with William Stevens, detectives said they learned, when the captain remarked that "things were rather slow around town."

"Maybe they are now," Stevens said, and has admitted replying, "but something big is going to happen soon."

Stevens, when asked what he meant by this statement, declined to answer.

Bishop Holds Faith.

Services in the small but wealthy Church of St. John the Evangelist were conducted today by the Right Rev. Albion Williamson Knight, bishop of the Protestant Episcopal diocese of New Jersey. The text of his sermon was "Faith, hope and charity."

He referred briefly to the tragedy. He said that he had been acquainted with the rector for a long time and had implicit faith in him. From his own knowledge, he said, and from what others had told him, he was sure that the rector could not have been guilty of wrong doing.

An autopsy was performed by Coroner Long, on Mrs. Mills' body today. He found that death was due to a single bullet wound through the center of the forehead. The bullet, he said, was fired from in front and passed out back of the right ear. No autopsy has been performed on the rector's body.

Mrs. Hall refused to comment in any way on the death of her husband or Mrs. Mills. The question, however, said that he had been to see Mrs. Hall and that while she could hardly speak, she steadfastly avowed her faith in her husband.

TIGERS ARE CLOSED AS PUBLIC NUISANCE

Savannah, Ga., September 17.—(Special.)—For the second time the nuisance law has been invoked in the suppression of an alleged notorious tiger location in Savannah, action being filed yesterday by the government agents to close the place at 106 Drayton street and keep it closed for a year under the nuisance law.

The owners and lessees are enjoined for a year from permitting the building being used for a year unless court order otherwise is granted. Several cases have been made against the lessees, for violating the nuisance laws and aggregate bonds of several thousand dollars have been required of him for these alleged violations and alleged conspiracy to violate the federal law.

SULGRAVE PARTY WELCOMED TONIGHT

Continued from First Page.

the banquet, but the committee urges more of the invited guests to make reservations Monday, as the number should go considerably beyond that to properly fulfill the plans of the entertainment. Mrs. Wilmer L. Moore, telephone Hemlock 0829, and Fred Houser, telephone Walnut 5679, will make reservations Monday. Tables are being arranged for parties of eight.

Mayor Key will make a welcoming address at the banquet. After the addresses of the visitors, Reuben Arnold will speak. At the conclusion of the function, the guests will sing "America," and "God Save the King." Justice Price Gilbert, of the Georgia supreme court, will be toastmaster.

The Sulgrave institution was founded in 1914 when a group of public-spirited English men and women purchased the old Sulgrave manor in Northamptonshire, England, and gave it to the charge of a board of governors to be made into a mecca for Americans visiting the old country. The ultimate purpose of the institution is a far reaching one, aiming to foster friendship between the American and English people and spread the ideals, institutions and principles of the Anglo-Saxon-Celtic-British peoples of the world to the other peoples.

Besides the establishment of the home as a place of pilgrimage for Americans, the board has founded many historical fellowships in colleges in both this country and England.

Announcement was made Sunday that the members of the Burns club would be present at the club Tuesday morning to receive the delegation when it visits the cottage. H. H. Cabaniss and Walter McElreath have requested that all members of the club be at the cottage promptly at 11 o'clock. This is about the hour the delegation passes there and will afford no time for being late, it was announced.

Visit Chattanooga.

Chattanooga, Tenn., September 17. The Sulgrave mission, headed by Sir Charles Wakefield, former lord mayor of London, and which is now touring the United States for the purpose of establishing better relations between English-speaking peoples, arrived in the city at noon today.

Bad Breath Is Usually Due to Constipation

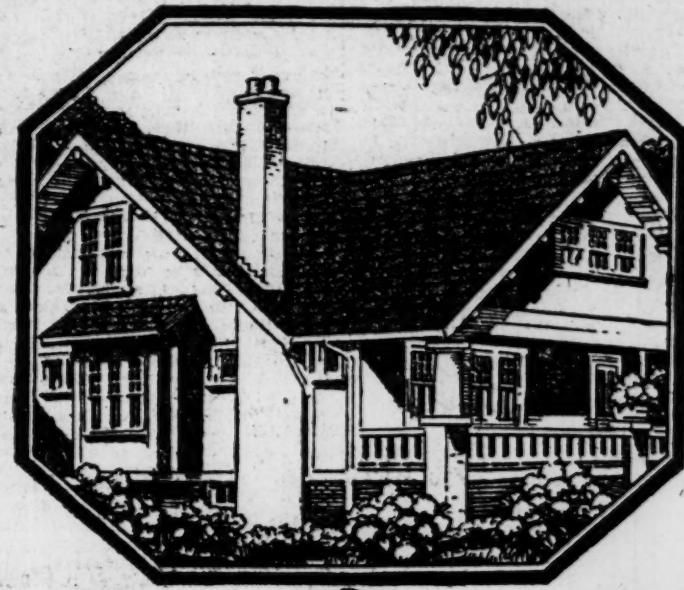

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus replaces it.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

CALL BELLE ISLE PHARMACY

Wakefield, the party includes Sir Arthur Adlington Haworth, president of the Manchester Chamber of Commerce, and Lady Haworth; Harold Spender, editor and author; Sir William Letts, Harry S. Periss, publisher and director of the Sulgrave institution; the Hon. Lucien Turcotte Pecaud, government leader in the Canadian house of commons, and MacCallum Grant, of Nova Scotia, and Mrs. Grant; Captain W. L. DeVeto, the Hon. D. B. Edwards, high commissioner for the commonwealth of Australia; John A. Stewart, chairman of the board of governors of the American Sulgrave institution, and Miss Ethel Ames.

The program of the Sulgrave schedule includes: The maintenance of Sulgrave manor, ancestral home of George Washington. An exchange in the pulp and among college instructors. The interchange of working newspapermen. The exchange of scholars among the secondary schools. To establish Sulgrave institution lectureships and the organization of a general lectureship bureau.

Certain-teed

4-WIDTH SHINGLES

Beautify as well as protect your home with a roof of *Certain-teed* Slate Surfaced Shingles.

The artistic and beautiful effect of a roof of *Certain-teed* Slate Surfaced Shingles, in soft shades of green or red or blue-black, is very attractive.

A *Certain-teed* Shingle roof will afford you years of complete protection from weather and sparks. You would forget you have a roof were you not constantly reminded of its artistic beauty.

Certain-teed Slate Surfaced Shingles are made in individual and in Four-width types. Without doubt the *Certain-teed* Four-width Shingles are superior to all others in form, ease of laying and permanent appearance on the roof.

Certain-teed Slate Surfaced Shingles are of the same quality which has given *Certain-teed* roofing its reputation for dependability. They are the best value obtainable in an artistic and dependable roof.

Outrunning The Marathoner

WHEN 10,000 ancient Greeks drove the Persian hordes from the plains of Marathon, they at once dispatched a courier to Athens to bear intelligence of their victory.

It took the messenger hours to reach the city, and so breathless was he that, as the people thronged eagerly about him to hear the news, he merely gasped, "Victory is ours"—and fell dead. That was several hundred years B. C.

Today, the papers of the world would get the news almost simultaneously with its happening, slap extras on their presses, and shortly the thrilling story would be in the hands of some millions of readers.

Papers have supplanted the courier, multiplied his effectiveness and increased his speed a hundred-fold. Not only does the newspaper make public the news in the world of events, but it also keeps our information up-to-date on every article of human need, whether food, clothing, household appliances, necessities or luxuries. The latter news is found in the advertisements. Advertising will help you. Whether you realize it or not, advertising is a big, vital force in your life. Through it, American genius and American manufacturers are putting within your reach the many comforts and conveniences of modern life.

Do not overlook this mighty and indispensable service which this paper offers with the rest of the day's news.

WEEK TO SEE END OF THIS CONGRESS

Adjournment of Present Session Scheduled for Saturday, and Earlier If Possible.

Washington, September 17.—This week is expected to mark the close of the second session of the sixty-seventh congress with adjournment sine die scheduled for next Saturday and sooner, if possible. The adjournment sine die bill and final disposition of the soldiers' bonus bill are expected to furnish the principal features of the closing week of the session.

Other clean-up measures on the calendar include the administration coal commission legislation, Liberian loan bill and the rivers and harbors development bill, another deficiency appropriation bill. The anti-lynching bill is to be taken up by the senate but probably will be left over in the face of determined opposition.

The adjournment plans are dependent upon final action being obtained on the tariff and bonus bills. The former comes before the senate again tomorrow facing a possible return to conference which would delay the entire scheduled of congress, while President Harding's action on the bonus bill is expected Tuesday with immediate efforts in prospect to repass the bill in the event of its veto.

Virtually all of the members of congress expect to go home for the election campaigns immediately upon adjournment of congress. A few are planning European trips, while others will remain in Washington to work on legislation for the next session in December.

WALTER SIMS REPEATS "BOOTLEGGER" CHARGE

Replying to demands of Dr. R. F. Ingram that he publicly retract the accusation that James G. Woodward's entrance fee into the mayoralty race was paid by a "confessed bootlegger," Councilman Walter A. Sims, one of the mayoralty candidates, Sunday afternoon issued a statement reaffirming his charge and including a certified copy of the indictment returned against the doctor and his plea of guilty.

The true bill, which was returned July 1, 1919, and signed by foreman W. M. Timmons, charged that on June 28, 1919, Dr. R. F. Ingram "did have, possess, control and sell spirituous, malt and intoxicating liquors, contrary to the laws of said state, the good order, peace and dignity thereof."

The records further show that on August 22, 1919, Dr. Ingram entered a plea of "guilty to having in his custody and possession whisky," and that he was fined the sum of \$250.

The records of the case bear the certificate of Deputy Clerk F. J. Spratt, of the superior court, as being true and correct, after comparing them with the original papers in said case.

ATLANTA POLICE SEEK OCCUPANTS OF WHISKY AUTO

Police Sunday were searching for the occupants of a whisky car that collided with an automobile driven by a negro, Bob Norwood, at Mitchell and Haynes streets, Saturday night, badly damaging both machines.

A negro and white man leaped from the alleged whisky car and made their escape immediately after the collision. Patrolman Burks and Howard, who rushed to the scene of the accident, stated the machine contained 5 gallons of corn whisky.

Both auto and whisky were seized by the officers and carried to the police station. The ring attached to the key in the electric switch of the auto may furnish the clue upon which to base an arrest, the officers claim.

Three Youths Given Pasture Treatment; Bitten by Mad Dog

Three youths appeared at the Grady hospital Sunday evening to receive the pasture treatment for bites they received from a mad dog last Monday.

They were Homer Comer, 17-year-old son of Mr. and Mrs. G. W. Comer, 104 Echo street; the two brothers, Henry and Glenn T. Touchstone, age 10 and 15, respectively, sons of Mr. and Mrs. F. M. Touchstone, of 105 Echo street.

All three of the youths were bitten by the animal after it had been tied to a stake in the Touchstone yard. The first one the animal bit was Glenn, as he was tying the dog, and the next one was Henry, who went to feed him.

Homer Comer, their playmate, was attacked as he entered the yard and passed near where the animal was fastened.

The dog was killed by the three children and his head carried to the state capitol, where it was found he was suffering from rabies. Each of the children immediately began the pasture treatment.

KIRKWOOD BUNGALOW IS GUTTED BY FLAMES

Flames which were discovered shortly after 1 o'clock Sunday morning gutted a bungalow at 11 Gordon avenue, Kirkwood, to the ground, inflicting a loss estimated at \$7,000.

The house was vacant. The flames originated in the rear, according to members of B. H. Sofee's family, who live next door at 1 Gordon avenue. The cause of the fire has not been learned.

Mrs. Sofee, who summoned the fire department, stated that she was awakened by the cracking noise the flames were making, and upon looking out of her window, saw the house enveloped in a blaze.

Christianity was introduced in Ireland in 432 by St. Patrick.

Driftwood gathering on the shores of the Pacific earns \$40 a day for one man.

Cars, Booze, Girls, Caught in Pursuit; Still in Cemetery

Savannah, Ga., September 17.—(Special.)—Four big touring cars were late yesterday lined up for arraignment before federal officers, having been captured and confiscated after a 10 mile pursuit on the Ogeechee road. Six men and four women were released, and two girls were also taken and detained. The four big cars all contained quantities of booze, officers asserted.

Other officers yesterday, for the first time in their lives, they declared, located stills in a graveyard—discovering two 100-gallon and a 65-gallon outfit, recently operated, in a cemetery six miles from the city. Arrests were made and accused persons put under \$1,500 bonds.

FINAL RITES TODAY FOR DR. S. S. WALLACE

Last rites for Dr. Samuel S. Wallace, head of the department of English at the Georgia School of Technology, will be held at 10:30 o'clock Monday morning at the First Methodist church. Rev. Costen J. Harrell will officiate. There will be a Masonic escort from the church, to Oakland cemetery, where brief services will be held at the graveside.

Dr. Wallace died at his home at 70 Inman circle Saturday night at 8 o'clock after an illness of several months. He was 50 years old.

Coming to Tech 23 years ago as professor of English, Dr. Wallace soon established himself as one of the leading educators in the state. He was active in university circles, and for several years was treasurer of the university athletic association. Through his efforts as an exponent of major college sports, Georgia Tech forged ahead to the place of prominence she now holds in athletics.

He was a native of Maryland, born in Deal's Island. As a young man, he was graduated from Dickeson college of Dickeson, Penn., and later received his alma mater from the University of Chicago and Columbia university. He held the degree of doctor of pedagogy.

Shot Mortally, Would-be Thief Disarms Slayer

Savannah, Ga., September 17.—(Special.)—Luther Perry, who said he came here from Americus, where he had been working for the Sen-board as a machinist, shot and killed James Hall, colored, in a shoe shine parlor here today in a contest over two hundred dollar bills which the white man had flashed in the establishment when he offered to pay for a shine.

The negro, it was said, snatched the bills, attempting to run. The white man fired at him, the negro turning, disarming the smaller white man and throwing him down. The negro, who was shot through the breast twice before downing Perry after getting the man down, suddenly gave up the struggle exclaiming:

"White man, you done killed me."

The American man is held pending investigation.

Confessed Murderer Is Carried Back To Scene of Crime

Augusta, Ga., September 17.—(Special.)—Frank Summers, who several days ago confessed to the Augusta police that he killed a man by the name of Manning Ford in Marietta, N. C., seven months ago, was today carried back to the scene of the supposed crime by Deputy Sheriff Carper of Robinson county, N. C.

The body of Ford, according to the authorities, has not been found. Summers still maintains that he killed him and left the body on the side of the road several hundred yards from his house.

According to Sheriff Carper, Ford mysteriously disappeared the night before the alleged killing and has not been seen since. It is thought by officers that Summers buried his victim but in his confession and interviews with newspapermen he denies that he buried the body.

\$1,150 Is Stolen From Pants Under Farmer's Pillow

Lawrenceville, Ga., September 17.—(Special.)—An unknown midnight thief is alleged to have stolen \$1,150 out of the trousers pocket of Charles M. Jackson, prosperous Gwinnett county farmer, last night, while Jackson lay in bed with the trousers under his pillow.

The victim of the theft is understood to have offered \$500 reward for the thief's capture and recovery of the booty. The sheriff is working on clues that he expects will lead to arrest of the daring malefactor.

MRS. HETTIE MARTIN IS DEAD IN GWINNETT

Lawrenceville, Ga., September 17.—(Special.)—Mrs. Hettie Pharr Martin, 86, one of Gwinnett county's most beloved women, died at her home north of Lawrenceville last night after a month's illness. Mrs. Martin was the widow of the late Moses Martin, who in his day was a power in politics in this section.

She is survived by three sons, L. R. Martin, president of the Allen Manufacturing company; R. T. Martin, former sheriff of Gwinnett county; W. W. Martin, of Columbia, S. C.; two daughters, Mrs. Callie Sudders and Mrs. Dora Brodgen, of Buford. Mrs. Martin was a member of the Missionary Baptist church. Funeral and interment will be held at Old Suwanee church Monday at 11 o'clock.

PRIVATE ABATTOIR IS ATHENS PROJECT

Athens, Ga., September 17.—(Special.)—A private owned abattoir has been decided on in Athens after the proposition has been considered by almost every civic club and organization in the city, and after it has been thrashed out at council meetings, both regular and special called meetings.

A complete organization has been formed and plans for the company are announced today as to push the building of the plant to completion immediately. It is the hope of those in charge to have a small stock yard and packing house in Athens eventually as a result of the modest abattoir beginning.

ROBBERIES REPORTED TO POLICE SUNDAY

The plate glass window of the Union Clothing company's store at 97-99 Whitehall street, found broken early Sunday morning, is believed by police to have been smashed by thieves.

An investigation by Call Officers J. Walter McWilliams and John Lowe failed to disclose if anything was taken, and this information had not been furnished detectives at a late hour Sunday night.

C. J. Hamilton, who reported the theft of a large quantity of jewelry from his home, 23 Washington street, late Saturday night, Sunday morning furnished the detectives the following additional list of articles taken: 2 dozen cuff buttons, three dozen scarfs, two dozen ear-rings, six coin mountings, one box of sapphires and rubies and a gold wedding ring.

A 1-karat diamond ring was stolen from Mrs. Thomas B. Arkridge, at 37 Columbia avenue, during Saturday. It is not known how the robbery was committed, but detectives have a suspect under surveillance.

The Atlantic cable, with the 700 pounds of copper for the conductor, has a resistance of 1.63 ohms per nautical mile.

\$7,000 DAMAGE CASE WILL BE TRIED AGAIN

Holding that the trial judge erred on two counts, the Georgia supreme court handed down a decision Saturday overruling the decision of the Georgia court of appeals in affirming a judgment of \$7,000 secured by the Atlanta city court by Mrs. E. S. Smith, administratrix for Zion Smith, against the Reed Oil company. The decision leaves recourse to another trial in the lower court.

The damage case developed from a tank car explosion which occurred about two years ago. Zion Smith, employed in a nearby building, was killed and Mrs. E. S. Smith, his mother, secured the judgment as a result of his death.

ELKS WILL PLAN \$150,000 DRIVE

Continued from First Page.

al life; and these representatives will devote their energies to a canvass of their particular lines of business.

Beginning on Tuesday, John S. McClelland and Walter P. Andrews will appear before the various civic organizations of the city to speak in behalf of the fund. Mr. Andrews opened the speakers' campaign last Thursday, when he outlined to the members of the Advertising club the

plan and purpose of the campaign and called to their attention the tremendous civic benefits which are to accrue to the city from the presence of 50,000 Elks in Atlanta next July when the convention of the grand lodge meets here.

The civic organizations of the city are particularly interested in the success of the appeal for funds. When the Atlanta delegation to the last Elks' convention at Atlantic City saw the possibility of securing the gathering for Atlanta next year, they hesitated in extending the invitation until they had wired to each of the civic organizations back home to make sure that the city would support the local lodge in entertaining the visitors. When emphatic endorsements of the invitation were received from all the organizations queried, the invitation was extended and the convention was secured.

"Largest Possible Returns."

"I hope that the people of Atlanta will fully realize that the Atlanta lodge is asking for this general public subscription because we believe that the city is to secure the largest possible returns from this convention," states John S. McClelland, chairman of the 1923 convention board of the lodge. "It is manifestly impossible for the Elks of this city to bear the entire burden of this stupendous undertaking. We could never have assumed the responsibilities involved unless we were sure that the public was behind us."

"From every direction, we have received the most cordial assurances

which lead us to believe that the public is squarely behind us, and that the very conservative amount of money which we are asking for to put over the great entertainment program demanded will be forthcoming readily from those who are genuinely interested in the reputation of Atlanta as the greatest convention city in the country."

PARADE TO OPEN SAFETY-FIRST WEEK

Continued from First Page.

indirectly the safety of persons and property. Speeding, passing street cars on left side, passing standing street cars, use of blinding headlights in properly adjusted, so tail lights, purporting on left side of street, parking without lights in residential district, parking at angle to curb, parking over crossing lines were the violations reported. In many cases it was impossible to secure license numbers because they were obscured, and in some cases numbers were covered entirely by spare tires and wide bumpers.

The check was made solely for the information of the Citizens' Safety association, but it is felt that a large majority of the automobiles recorded fully realize that they are violating not only the city ordinances, but every law of safety and have little, if any, regard for the welfare of other citizens.

operation of every automobile driver and pedestrian, not only during Safety Week, but during 52 weeks of every year, can the astounding record of over 900 persons more or less injured during one year be reduced, it is pointed out. The junior chamber hopes to impress the absolute necessity of strict observance of the traffic laws through the publicity and attention given the matter during this big Safety Week.

SAYS U. S. PROTEST WOULD STOP TURKS

Continued from First Page.

charged General Townsend of being "intentionally pro-Turkish."

"While a prisoner of the Turks," Dr. Barton claimed, "General Townsend was given every consideration by his captors. He was flattered as only the Turks can use flattery, feted and given every conceivable honor while his soldiers were terribly treated. I have recently heard that twenty of his men are still prisoners in the interior of Turkey."

General Townsend's fears never will be realized if the allies stand together against invasion of the Constantinople neutral zone, Dr. Barton declared.

All teachers of the collegiate institute for girls maintained by the American board of commissioners for foreign missions in Smyrna have been safely removed to Athens, according

to a cablegram received late today by Dr. Barton.

The advices indicated that Dr. Alexander MacLachlan, president of the International college, and his wife, of Toronto, Canada, chose to remain in Smyrna. Indications were that Cass Arthur Reed, of California, dean, also remained.

Among those who were removed to safety were Mrs. Kingsley Birge and her three children of Bristol, Conn., and Miss Minnie Mills, principal of the International college.

Dr. Barton said that he had reason to believe that all the men of the colleges remained in Smyrna, probably staying in their quarters at Paradise, a suburb, under protection of United States marines to do relief work.

Indications were, Dr. Barton declared, that the 300 girl students of the girls college had been scattered. The building was believed to have been destroyed by fire, he said.

"One shudders at the thought of what it means to have these girls thrown into the hands of a fanatical mob," Dr. Barton said.

An Important Announcement by the FULTON NATIONAL BANK

In order to further the development of thrift through the creation of systematic savings this bank will go on record beginning October first (just two weeks from today) as the first National Bank in Atlanta to increase the interest rate to

4% ON SAVINGS

We realize that the man without a bank account is just drifting—he is in the great hand-to-mouth class with just a week or a month's wages between himself and absolute want.

During the past eight months, our Savings Department has shown such vast increases in deposits that it is generally considered one of the most popular departments of this kind in the South.

The Fulton Bank is notable for the friendly, co-operative, accommodating spirit that pervades the entire organization.

There are no barriers of formality here. The president and all other executives are as easily accessible as the receiving teller—to even the smallest depositor. We specialize in interested human service, and we endeavor to treat every depositor just as we would like to be treated.

Begin right now to consider increasing the earnings on your deposits by opening a savings account in our big "Savings Family." You will be in good company.

FULTON NATIONAL BANK

Just a step from the street—in the heart of Atlanta's banking center—is our Savings Department, the most conveniently located department in Atlanta.

NOW FOR BUSINESS!

One by one and in groups the railroads of the country are signing the strike settlement agreement that was accepted by the shopmen a few days ago.

Enough of them already have concurred in it to give assurance that the railroad strike, which has seriously retarded transportation in this country since the first of July, is a thing of the past.

This, coupled with the previous termination of the coal strike, means that the way is clear for a general resumption of industrial and commercial activities throughout the whole country.

It means that the railroads are now in position to move the coal that has been piling up at the mines for lack of transportation facilities.

It means that merchandise that has been accumulating at points of origin or at points of distribution while the railroads have been battling with the strike situation can now be transported to destination to fill empty store rooms and vacant shelves.

It means that factories can resume operations on a full-time basis, and the corresponding reduction of unemployment.

Transportation is the backbone of prosperity; and with the transportation facilities of the country unshackled there is no reason why the American people should not now embark upon an era of the greatest prosperity since the signing of the armistice.

Unimpeded railroad transportation will enable manufacturers to run under orders of "full-speed ahead," creating a market for all manner of raw materials from the farms, the forests, the quarries, the mines, etc., at profitable prices.

That will make business for the wholesaler, the jobber, the commission broker, and the retail merchant.

The general resumption of operations in the industrial plants of the country will put money into the pockets of the thousands of working men and the bread-winners who are now idle, much of which will find its way into the tills of merchandise retailers, thence to be redistributed throughout the various avenues of business.

Increased employment will mean increased demand to be met by the retailer, passed on by him to the jobber, thence on up to the manufacturer; and it will make increased business for the railroads, thus completing the cycle of commercial activity and business prosperity.

The thing for everybody—banker, merchant, manufacturer, professional man, laborer or salaried employee—to do now, is to forget there ever was a strike; face toward the rising sun, put shoulders to the wheel and shove ahead!

And an appropriate slogan for the whole country is "Now for Business!"

A CONVENTION MATTER.

There seems to be considerable uncertainty as to the election of a pension commissioner for Georgia in November, the democratic nominee, chosen by the primary, having died after the entries were closed, but prior to the primary.

There need be no speculation on that point, the question having been settled by precedent in more than one instance, the last, as will be recalled, in the case of Judge Gilbert. However, even if there were no precedents there can be but one regular way.

The democratic state convention, which will convene in Macon on October 4, composed of duly accredited delegates and alternates, from every county in Georgia, will make the nomination, of course, and such nominee, whoever it may be, will be the party's duly and regularly chosen candidate in the general election.

Any other entries for the November election can be made without limit, but such candidates must run either as republicans, or as independents.

This information is given in response to several inquiries as to what method will be regular in arriving at the party's candidate to succeed the late Colonel John W. Lindsey—deceased, and yet the primary nominee.

HENRY FORD ON STRIKE.

Announcement that Henry Ford has suspended operations in his mammoth industrial plants in Detroit and elsewhere, thus precipitating throwing out of work upwards of 100,000 employees of his and dependent plants, means that the gigantic Ford interests have gone on strike.

The suspension order, according to Mr. Ford's public explanation of it, was issued in protest against the manner in which the government is handling the distribution of coal.

He charges, not that he cannot get coal with which to operate, but that brokers and dealers are demanding exorbitant prices for it; and he said that he would close his plants indefinitely rather than to pay these prices.

Therefore, Mr. Ford has closed up shop, and it is estimated that, as he expressed it, "between several hundred thousand and two million" workmen, who are employed by Ford or by firms dependent upon the Ford organization for business, are directly or indirectly affected.

He is, of course, not alone in this, as he expressed it, "between several hundred thousand and two million" workmen, who are employed by Ford or by firms dependent upon the Ford organization for business, are directly or indirectly affected.

He is, of course, not alone in this, as he expressed it, "between several hundred thousand and two million" workmen, who are employed by Ford or by firms dependent upon the Ford organization for business, are directly or indirectly affected.

Just From Georgia

BY FRANK L. STANTON

The Movies of the Morning.
I. Morning breaking on the hills—the curtains going up! Sun'll drink the world's health from the hills' brimming cup. And in the woodland theater the rays of joy we'll win. The morn'll shine the bright lights and the world show will begin!

II. The velvet vales are like the meadows are alive. The bee from brightening blossoms drains the honey for his hive; The garlands breathe in beauty, in the garlands breathe in beauty, by Priests of Morn'ning blessed.

III. See the moving pictures? 'Tis now no world of dreams; Cattle seek the pastures, roads run to the dim distance; Girls that gather violets—the kinsfolk of the sky—And barefoot boys a-splashing in the brooks that glimmer by.

IV. And the movies of the Morning breathe peace to battle-strife; We have the dim distance, the lilies all the litanies of Life; That a Heaven still bends above us where stars of Morn'ning meet; Homelike and the hearts that love us in a world that's Heaven-sweet!

V. Be satisfied with a little of the world. If you had it all you'd stagger under the burden. Some folks who go in for big measure scorn a pack of Happiness and reach out for a bushel of Misery.

VI. The Old Philosopher. We shall say that a little of the world. If you had it all you'd stagger under the burden. Some folks who go in for big measure scorn a pack of Happiness and reach out for a bushel of Misery.

VII. The Way to the Valley. The way is long to the Valley of Rest, But we'll reach the valley when God thinks best, And enter His shadows sweet and blest. Where there's never a rain of tears!

VIII. We'll forget the gloom of the weary way. Where the thorns grew red along; With answers sweet to the prayers we pray. The Spirit of Peace will speak that And the sigh will be the song!

IX. And deep in the beautiful Valley of Rest. We shall pass from the storm-swept sod; With tired hands folded above the breast. We shall pass to the Silence how God knew best, And dream in the light of God!

X. One on the Stage. "Here you are," said the judge to the colored prisoner, "complaining that you can't get along with one wife, and yet Solomon had hundreds of 'em."

XI. "Yes, your honor," was the reply, "you must recollect that de last testimony he give in wuz dat dey wuz all vanity an' vexation of spirit!"

XII. Many a man with his millions is further from happiness than the beggar at his gate, who thanks the Lord for a crust and doesn't worry about where the next is coming from, but—give us the millions, to do good with!

XIII. Your House of Memories. We hear our footfalls echoing Through Memory's long hall; An awe-inspired feeling Comes creeping o'er us all.

XIV. A house of mirth or tragedy Or one of sweet repose, Or where the happy laughter—Others its doors would close.

XV. A door we gently open, The room of sweet romance, 'Tis here some love to linger And some take but a glance.

XVI. Behold the lovely flowers, Watered, perhaps, with tears, And hear the sweetest melodies Resounding through the years.

XVII. Another room we enter; 'Tis friendship's sweet abode, Now filled with rarest treasures Gathered o'er life's rough road.

XVIII. On through this entrance passing Into the room of youth, We hear the happy laughter—Life's laughter to them but truth.

XIX. And, then, we find a nursery, The sweet, soft baby-hands—Our hearts with love o'flowing—A mother understands.

XX. And, next, a door of iron, Which fills us all with fear; We dare not cross the threshold, For skeletons are there!

XXI. In our House of Memories We live again the years Which brought us laughter and sunshine. Or filled our eyes with tears.—HESSE C. LAVIERE.

XXII. There are those who sneer at the one who is always trying to change conditions—to upset what looks like a contented existence. But this world needs its Wendell Phillips, its John W. Lindsey, its Savonarolas, and its Luthers.

XXIII. And you who feel deeply in your bones that you want many things, better a handclasp to you and may you attain man of them!

XXIV. If everybody kept multiplying their wants—and at the same time kept multiplying their efforts to attain them—it wouldn't be long before this old world would be baptized into a new birth of progress.

XXV. The more you have to do, the more you will do. Keep multiplying your wants! Restless energy is far more valuable than energy wedged tightly in a box and relegated to the attic of your brain.

XXVI. The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

XXVII. The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

XXVIII. The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

XXIX. The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

XXX. The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

XXXI. The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

BITS OF PARIS LIFE

BY O. O. MINYRE

Paris, September 17.—A page from the diary of a modern Samuel Pepys: Up very betimes. Walked to the Madeleine with H. Wales, the pamphleteer, in the blue sunshine and then to breakfast at Pavillon Dauphine on the Bois watching the throngs of motors and carriages.

Afterward with my wife in a gasoline buggy to Longchamps race course, the finest I ever saw, and saw, too, Anna Gould's home; then back to the city to meet Frank Ward O'Malley, the scrivener, and to a luncheon at which O'Malley was the guest of honor.

In the afternoon strolled among the shops on the Rue de Rivoli buying this knick-knack and that, and in especial a ring for my wife, which I could afford, and the pretty shop goods humored at my bungling phrases.

At night my wife to the opera and I alone to the left bank of the Seine with a group of rascals in a ramshackle cleared-up shopkeeper's at several so called wined inn which were as peaceful as a rural store. So I back to the city for my wife and to which to dance until sun-up and to bed my poor head aching all the day.

The perfume maker in Paris is a person of distinction. Under the English system of besting honor, the French perfumier would be knighted. The discovery of a new odor here is hailed by press and populace after the manner of a scientific discovery in America. At luncheon I was mistaken for a celebrated perfume manufacturer and I could hear my ego purr.

One of the charms of Paris is its drives. In a few moments one is whisked from its regal splendor to some tiny village, like a Calicut engraving, with hems pecking and crows crowing before the doors. One finds potholes for wagons where wine trickles down the tables and old inn

the big department stores have their bargain counters on the sidewalk, and the American bargain rush by passing the buck to the gendarmes. And there comes Burke, named in honor of Edmund Burke, the fiery orator and vehement, valiant friend of the Americans.

The great Duke of Richmond was gratefully recognized in the naming of that county, whose chief city is Augusta.

The counties of Wilkes and Glynn were created in honor of those two bold commoners of England, who held in parliament the spokesmen of George III. and Lord North, deploring that Christian Justice and all the great normal rights of Englishmen be yielded to the Americans.

Perhaps, also, it may interest them to know that the only county in all the American states to be named for a minister of the Christian gospel is our county of Whitfield. It was named in honor of Rev. George Whitfield, that famous English divine and evangelist, who established the first orphan's home in America—perhaps, in all Christendom—at Bethesda, near Savannah. It was afterward taken over by the charitable Countess of Huntingdon, and is yet, I believe, supported by the county of Chatham.

Of the colleagues of his action, who labored and fought with him, to establish America as a nation of civilization—and now the foremost in all the earth—they were the names of those great foreign soldiers, DeKalb, Pulaski and La Fayette. Following them are twenty-nine counties carrying the names of revolutionary heroes.

Finally, they will note counties named for Gwinnett, Walton and Hall, who were signers of the Declaration of Independence and of the convention that made the federal constitution.

KICKLESS. Ford made a mule without a kick, that satisfied—Oh, well! They make a mule without a kick, that satisfied—Oh, well!

FOUND IN A GEOMETRY. If there should be another flood. For refuge Hitler fly. For though the world should be submerged, This book will still be dry.

Tax Collector Tells Why Joel Hurt Could Not Vote. Editor Constitution: There appears in Saturday's Constitution a letter from Joel Hurt in which he states that he is registered in the city of Atlanta for the election of 1922, but that his name did not appear on the registration list for the city primary of September 11. He claims to be a native-born white citizen of the city of Atlanta, and that he has resided in the city for many years. He asks that his name be placed on the list of voters for the city primary of September 11, 1922.

Close Harmony! When Ned sat on Mary And Pa and Ma were there, Mary sat on the sofa And Ned sat on a chair.

TERRIBLE MISTAKE SOMEWHERE. I see my name displayed again As winner of the tickets. It's very nice to win the prize And yet I can't all surprise.

Today's Talk. BY GEORGE MATTHEW ADAMS (Copyright, 1922, for The Constitution)

KEEP MULTIPLYING YOUR WANTS! Through selfish satisfaction men lowered into the evils of enmity. The less we want and the more easily we are satisfied, the lower in the scale of progress are we placed.

Only through much dissatisfaction and a multiplying of our wants are we spurred to action and a useful existence.

But to fail in a thousand attempts, and present to the world a scarred and vigorous frame, thus weakly to try for but a single goal—and attain it.

There are those who sneer at the one who is always trying to change conditions—to upset what looks like a contented existence. But this world needs its Wendell Phillips, its John W. Lindsey, its Savonarolas, and its Luthers.

And you who feel deeply in your bones that you want many things, better a handclasp to you and may you attain man of them!

If everybody kept multiplying their wants—and at the same time kept multiplying their efforts to attain them—it wouldn't be long before this old world would be baptized into a new birth of progress.

The more you have to do, the more you will do. Keep multiplying your wants! Restless energy is far more valuable than energy wedged tightly in a box and relegated to the attic of your brain.

The main thing is not to let your wants run over you. This will never happen if you keep higher than any one of your wants—and if you keep

THE SUGRAVE VISIT

To Atlanta Tomorrow

When the distinguished representatives of the Sugraves association in England come into Georgia this week they will touch the soil of a commonwealth upon whose map they can discover much to remind them of the old England of George Washington and of those Englishmen who were the coadjutors of American independence and whose memories are yet, and will ever be, gratefully celebrated by Americans.

Of course, they will, of course, recall the famous British soldier and statesman who aided in the foundation of the American republic.

They may learn, also, that when the American colonies won their independence and became "free and independent states," Georgia established her own constitution and system of government. In the first constitution the former church parishes were converted, and in some cases, consolidated, into counties.

Among those first and most important counties they will find Chatham, named in honor of William Pitt, Earl of Chatham, whose statue these Sugraves visitors presented to the city of Pittsburgh this past week. He was one of the bravest and most eloquent of the advocates in parliament of just treatment of the oppressed American colonies.

Next they will discover the county of Effingham in honor of the Earl of that name, and the county of Camden, after that honorable Earl.

Then comes Burke, named in honor of Edmund Burke, the fiery orator and vehement, valiant friend of the Americans.

The great Duke of Richmond was gratefully recognized in the naming of that county, whose chief city is Augusta.

The counties of Wilkes and Glynn were created in honor of those two bold commoners of England, who held in parliament the spokesmen of George III. and Lord North, deploring that Christian Justice and all the great normal rights of Englishmen be yielded to the Americans.

Perhaps, also, it may interest them to know that the only county in all the American states to be named for a minister of the Christian gospel is our county of Whitfield. It was named in honor of Rev. George Whitfield, that famous English divine and evangelist, who established the first orphan's home in America—perhaps, in all Christendom—at Bethesda, near Savannah. It was afterward taken over by the charitable Countess of Huntingdon, and is yet, I believe, supported by the county of Chatham.

Why not make sure of getting your daily Constitution—and Pastime Picture—by subscribing? It's cheaper and lots more convenient in the long run. Delivered by our reliable carrier on your doorstep daily and Sunday will cost you only 20 cents a week or 90 cents per month. This rate also applies to towns in Georgia where we have carrier service. If you live in places where we send our paper by mail our rates are 90 cents a month; \$2.50 for three months; \$5.00 for six months and \$9.50 for a year.

The best thing to do is send your order right away, because we can't “date back” our paper to any previous issue. It will start coming to you on the day we receive your order here.

From now on back pictures will cost five cents each Daily and ten cents on Sunday. If you purchase a Catalogue of Titles, you can, of course, cut out the valuable coupons in the back and send them to us for free pictures.

Be sure to address all your inquiries and orders to The Manager, The Familiar Quotations Pastime, The Atlanta Constitution. Don't forget to tell us what pictures you want when you write and send your order.

Familiar Quotations Pastime

This Pastime costs nothing to enter. It is a game that can be played right in your own home, during the spare hours that ordinarily go to waste.

Just think of the delight and thrill you would experience on hearing that YOUR selection of quotations was accepted as the best titles for our sixty pictures. Wouldn't you feel well repaid for the small amount of time invested?

This possibility can come TRUE. To help you get started we are today republishing for JUST ONCE our first nine Pastime Pictures. Watch for another one each day hereafter. If you are not a subscriber of The Constitution, insure yourself that you will secure a Pastime Picture each day by sending us your subscription for three or six months.

Make Yourself First Prize Winner

Don't be satisfied with anything but the best—win the First Prize of this Pastime, \$1,000 in cash. It's not difficult. You don't have to have a college education to select the most appropriate titles for our illustrations.

The Constitution will lend you a helping hand by furnishing you with everything you need. We have compiled a booklet, containing nearly 2,000 familiar quotations, for your ready reference. The answers to our sixty pictures are contained in this booklet. A multitude of suggestions will offer themselves as you glance through this catalogue. And with careful study YOU can just about anticipate what the three independent judges of this Pastime will select as the best answer for each picture. Isn't that simple? We have copies of this catalogue on sale in our office at 40 cents each.

How to Play

1. The Familiar Quotations Pastime is open to any man, woman, boy or girl who is a resident of Georgia or adjoining states, except employees or relatives of employees of The Constitution. No entrance fees are required.

2. The Familiar Quotations Pastime consists of sixty pictures, one appearing in The Constitution each day. Each contestant may submit three titles answers for each picture each on a separate answer form. Selection of titles will be found in the Official Familiar Quotations Pastime Catalogue.

3. The Catalogue of Quotations may be consulted at the office of The Constitution, or at any public library in the prescribed territory of this Pastime. Participants may also purchase copies of this Catalogue at the office of The Constitution at 40 cents per copy.

4. Each person may participate only as one contestant, and only in his or her own name. However, each participant may submit as many as six complete sets of title answers. Each set of answers will be judged on its own merits. A duplicate list of the selections submitted should be retained by the contestant for self-checking purposes. Full instructions regarding this duplicate list will appear in The Constitution at the close of the Pastime.

5. Three methods may be followed in preparing answers: (1) Each picture published during the 60 days of the Pastime will be accompanied by an official answer form, with blank ruled lines for the inscription of your choice of title. (2) Participants may submit hand-drawn (not traced) facsimiles of each picture and answer form on sheets of white paper 6 1/2 inches. (3) Quotations may be submitted in the convenient Familiar Quotations Answer Book.

6. Selections of quotations must not be sent in until the close of the Pastime. Then

each participant is to mail or deliver his own set of selections according to instructions appearing in The Constitution. Quotations may be written with pen or pencil, or type written. After the publication of the sixtieth picture, sufficient time will be given contestants to prepare their sets of selections before submitting them.

7. The winners of the Familiar Quotations Pastime will be selected by three judges having no connection with The Constitution. These judges will be persons of the highest integrity and good judgment. It is understood that participants entering the Familiar Quotations Pastime accept their decisions as final and conclusive.

8. The fifteen awards in the Pastime will be made to the fifteen highest ranking answers on the basis of having achieved the most appropriate or "best" selections of quotations. If there is an equality between two or more answers a decision will be made by the judges between the tying answers according to superiority in the following requirements: (a) The least number of incorrect selections (the titles which are not "best"); (b) The relative position of the contestant's "best" answer—whether first, second or third choice. In the event of an ultimate tie, each tying contestant will receive an equal prize.

9. Use exactly the same form and spelling of quotations in your selections as you find listed in the Familiar Quotations Pastime Catalogue.

10. Any contestant may have his friends assist him in selecting titles for the pictures. However, only one prize will be awarded to any one household; nor will prizes be awarded to more than one of any group outside the family, who have worked together. The judges reserve the right to discard any set of quotations not complying with the rules and where unfairness is obvious.

Industry Recovers Fast From Strikes' Effects

BY THE ASSOCIATED PRESS.
New York, September 17.—Reports received in financial and business quarters during the past week indicate that the heavy industries are making a rather more rapid recovery from the effects of the strikes than had been anticipated. Soft coal output is running close to 10,000,000 tons a week and supplies of this commodity are such that the steel industry, which falls in the lowest class of priority, is now receiving sufficient fuel to run at 90 per cent of capacity instead of the 50 per cent of two weeks ago. More blast furnaces are being blown in and the trade expects all of August's losses in this respect to be made good presently. The limiting factor in steel works operations is now, in fact, not a shortage of fuel but a scarcity of the kind of freight cars needed to carry the industry's products.

With soft coal mining in swing and with anthracite mining in the process of resumption, the railroads are carrying the largest amount of freight in nearly two years. Loadings for the week ended September 2 totaled 1,032,000, an increase of 41,000 cars over the previous week. Part of the gain is due to the accelerated movement of soft coal, nevertheless, the volume of general merchandise carried also continued to gain. The present traffic has been exceeded only during short periods in the autumn of 1920.

Few Idle Cars.
Accordingly it is not surprising to find that the supply of idle cars is reaching the vanishing point. With the partial settlement of the shompen's strike, with gains in working forces reported on other roads, and with the fact that a car shortage is inevitable, the opinion is held in financial circles that the car repair situation should improve gradually and that while a car shortage is inevitable, the railroads will move a very large portion of the freight offered during the fall.

Cotton consumption is encouraging. A recent taking by domestic mills amounted to 527,000 bales, the largest in any month since June, 1920. The latest total is 98,000 bales greater than that in July and was recorded before the recent restoration of previous wage scale went into effect. The showing suggests one reason why the manufacturers were willing to restore the higher wages. It was assumed, in addition, that consumption would increase further since wages were resumed in a number of New England mills.

Wheat and Cotton.
Wheat prices continue weak under the influence of crop receipts, hedge selling and the continuation of favorable weather. Official estimates place the condition crop at close to 400,000,000 bushels, a figure which indicates the exportable surplus of nearly 300,000,000 bushels. A fair amount of foreign buying is taking place on the breaks, but this buying is not sufficiently strong to more than check the decline, and usually is followed by weakness in the foreign exchanges when the corresponding commercial bills are placed in the market.

A somewhat similar condition exists in the case of cotton, although this commodity recently has felt the supporting force of unusually bullish private crop reports. Some quarters seem to believe that this year's yield will amount to only 40,000,000 bales as compared with the government's September 1 figure of 10,575,000 bales. In any event, it is considered that the price of American farm products is suffering materially on account of unsatisfactory conditions in Europe.

After several weeks of slight declines, reserve ratio of Federal reserve system has come to a standstill. It has not, however, as yet shown the usual recovery from Labor day demands, possibly on account of the proximity of the tax date. New capital issues are increasing after a period of summer inactivity and this movement is expected to continue. It is thought that the next week or two should show whether the money market has reached a turning point.

E. V. CAMP NOW IN BUILDING MATERIALS
NEW BUSINESS HOME IN ABUNDANCE HERE

In a handsome building, completely remodeled to suit their needs, at the corner of Moreland and DeKalb avenues, E. V. Camp and associates are now happily located.

This concern is among the best known in the south as consulting, designing, supervising and testing engineers. They are equipping the building into which they have just moved in a most complete manner for carrying on a general engineering and testing business. There are six rooms in the building. One will be for general office use, two for drawing and designing rooms, two for testing laboratory purposes and one for filing and storage purposes.

"The general office will be located in a very large room and will be adequately equipped to take care of all administrative business," said E. V. Camp. "The drawing and designing rooms are equipped with the latest improved drawing and designing tables and equipment, including calculating machines and apparatus. The testing laboratory will be fitted with some of the best apparatus obtainable and will be one of the best in the south. The filing equipment includes some of the latest designs of filing apparatus where complete records work under our directions will be filed, so that all clients at any time in the future may secure copies of plans and records of work done for them. If their copies should be destroyed or lost, this is a very important feature of a business of this nature, especially for our clients."

The activities of this concern cover the southeast and the principal work they have on hand are engineering contracts covering a wide range of projects in a number of counties, and water sewer and electrical installations in a number of cities and towns. The latest work that they have taken on is that of the large highway project in Sumter county, Florida. This work was awarded to them on September 12. Among the recent work completed by them is that section of the national highway in DeKalb county leading to Stone Mountain. This is considered one of the best highways in America.

Another large project completed under their direction recently is the Charlotte Harbor bridge between Punta Gorda and Charlotte Harbor, Florida.

This bridge is 14 feet wide and nearly one and a half miles long and is said to be the longest concrete highway bridge in the southeast. In an issue of The Punta Gorda Herald in October, 1921, soon after the completion of this bridge, which was designed by E. V. Camp and built under his engineering supervision, all details of a heavy rainfall and hurricane were told. It was the greatest flood and storm for fifty years. Reference to the great strength of this concrete bridge during this storm follows:

"The water stood from two to four feet deep on Marion avenue along its entire length. All of the stores and banks except those in the old bank block on the corner of the avenue and Cross street and the Johnson concrete block. A flooded, and great damage was done to merchandise.

"The great bridge across the harbor weathered the storm successfully, though lighters, boats and wrecks were driven against it with great force and huge billows rolled completely over it all day."

Side Talks by Ruth Cameron

"BE A SPORT."
There are certain phrases in our language which by long use under certain conditions have acquired a power over the mind and an influence over the acts that they have no real right to have.

Such a phrase is "be a sport." I know a man, who by inheritance and by reason of having had an easier life than the average, is possessed of an abundant energy. He is absolutely unsatisfiable in his pursuit of a good time—tennis, golf, swimming, dancing. He rushes from one to the other in his moments of leisure and calls on all his friends to follow him. And when they, without his astounding energy, sometimes hang back he always tries to spur them on with that phrase: "Oh, be a sport, come along."

He lets himself be dared. He has one neighbor, a young professional man who needs to use wisely every ounce of his energy if he is to hold his own and win through to success. This man admires his energetic neighbor and wants to keep up with him. Furthermore, like many others, the young professional man is easily influenced by the implied reproach in that term: "Be a sport." And over and over again he lets himself be drawn into spending strength for beyond what he can afford and spoiling his next day's work. If he hangs back and doesn't think he ought to let himself in for a one o'clock party or three or four sets of tennis on a hot afternoon, his energetic neighbor slaps him on the back and says, "Oh, come on, be a sport. He can't stand that and so he weakens and does the

thing that he knows he has no right, with respect to his own best welfare and real happiness, to do.

What It Really Means.
In this particular instance: "Be a sport," is the stimulus to strength extravagance. Even more often it leads people to commit money extravagances. Nothing is more galling to the average American than to have someone imply that he isn't a sport in the spending of his money.

If a foreigner heard that phrase and asked you to define its meaning what would you say? That I should be tempted to say: "Oh, come be a sport" means: "Oh, come be a darn fool."

Or perhaps it would fit a larger number of cases if I said it meant: "Oh, come do what I want you to do." For that's exactly what it does mean three quarters of the time, you know.

What You Want To Do.
Why shouldn't the young professional man say to this energetic neighbor: "Oh, come be a sport, don't go off and dance half the night. Stay at home and read a set of tennis and then read a good book and feel able to do a rousing day's work tomorrow." That's what he really wants to do.

A good sport, in the finer sense of the word, a man who is always square in games, who takes any kind of defeat gamely is a splendid ideal. But when people say "Be a sport" that isn't what they mean. What they really mean is as I said above: "Do what I want you to do." And if you will remember that you will doubtless attach less importance to the phrase.

DRESS BY ANNE RITTENHOUSE

Bright Colored Evening Wraps Take The Form of Loin Cloths in the Paris Collections Which Will Set The Style for Protective Covering Needed in American Winters.

Paris—There is a strong change from capes to coats. We, the journalistic observers in Paris, observed this thing at the first collection shown to Americans.

It is an excellent fashion for winter in America. Capes have not kept warm unless they were of fur. These new coats in France are of cloth, of velvet, of the new hammered material that looks like Spanish leather, and of crepe satin which has a dull surface.

Strange to say, fur is not plentiful on any of these coats. The one shown in the sketch has more fur

Evening coat of cerise velvet trimmed with bands of skunk. It has the cape effect, looped up at the hips, where it is held with embroidery.

than anywhere. It is of cerise velvet with a collar of brown skunk and a hem band of the same fur. This coat is chosen for a sketch because it gives a good example of some of the new tricks done with fabrics, one of which is the cape effect beginning in a yoke over the shoulders and ending in a deep hem band of embroidery over which it blows.

The black coat is widely featured because women demand it for the street. Chanel invents a new fashion in producing a colored frock of heavy crepe de chine lined on sleeves and covered by a coat of black cloth that reaches the hem of the skirt and is lined with the material of the frock. She does this with beauty in a frock of almond green. She does not touch any of these costumes with fur. The absence of fur is remarkable everywhere.

Poirot continues to use Chinese lion and Japanese martens. Worth uses eagles, but the majority of dress-makers content themselves with gray monkey fur.

"Why gray?" asked a woman of a man from New York who was buying for his firm.

"Because they have killed all the young ones in the jungle and now they have gotten down to the old ones on the hand organs."

Worth produces an evening crepe made from a large square of velvet, edged with fur and lined with brocade, but the other evening wraps shown in different collections are coats. They take the same silhouette as the frock with more fullness above the hips.

In these coats, as in the jackets for the street, there is always the high collar and there is no suggestion of wrapping the garment around the figure.

THE HOUSEHOLD

Edited by Anna Rittenhouse.

Broiled Mushrooms on Toast.
Pare neatly, trim off stems of large mushrooms, sprinkle with salt

and pepper, wipe over with olive oil, then thickly with butter. Lay carefully on slices of brown toast, put a piece of butter on each mushroom and serve hot. These are a delicious accompaniment to broiled birds. A few drops of lemon juice is deemed an addition to the taste.

Kidney With Mushrooms.
1 cup of stock.
2 kidneys.
1 tablespoon of butter.
Salt and paprika to taste.
1-2 cup of mushrooms cut in slices.

Prepare the kidneys as directed above. Brown the butter, add the flour and brown. Add the stock and the seasoning, and stir until the sauce begins to thicken. Put in the mushrooms and the kidneys. Cook until these are heated through and serve.

Chops a La Maitre.
Four tablespoons of stock.
6 French chops.
1 tablespoon of flour.
1-2 teaspoonful of salt.
1-2 teaspoonful of paprika.
4 tablespoonful of butter.
1 tablespoon of chopped parsley.
1-2 teaspoon of Worcestershire sauce.

Have the chops cut not less than one inch thick and Frenched. Take a very sharp knife and cut the chops in two down to the bone, being very careful not to separate them at the bone. Melt the butter, add the flour, stir until smooth and well-cooked. Chop the mushroom and parsley very fine and add to the butter and flour with the stock. Mix well over the fire, season and stir until the mixture begins to boil. Take from the fire and cool. When ready to broil the chops fill the cut with the mixture, pressing it in carefully together again. Broil about eight minutes and serve with mushroom sauce.

AN HEIR AT LARGE

CHAPTER LIV

On the back platform of a moving train, with the click of the rails steadily increasing, Harry Bacon held the hands of Mary Brown in a determined clasp, while he raised his voice in appeal:

"Mary, you know I love you! Won't you—can't you tell me you will marry me?"

She avoided his eyes, fearing to trust herself, her heart singing with the happiness of hearing his words but her thoughts swirling in a panic of emotions. She had not accepted him when she thought he was poor. To do so now might be forever misunderstood. In a calmer moment he would surely think of it, and the thought would always be in the background of his mind.

"Please answer me, Mary." And as she remained silent he went on: "Is it the fact that I am rich that makes you hesitate? Remember, I was rich all the time I was falling in love with you."

He seemed to have read her thoughts and she was startled into words.

"But, Harry, how would you know that it was you I loved and not this great fortune? I wouldn't give you my answer the other day before I knew. What must you think of me if I accepted you now?"

"But you said you loved me then," he answered. "That is all I want to know."

I hesitated because they said you were insane. He laughed. "I am—about you! Who gave you that information?"

He was on the tip of her tongue to answer, but she forbore. She looked off down the receding tracks.

Why complicate matters by telling the part Muriel had played?

"Of course they thought I was crazy," he continued. "I wanted them to. I purposely discharged Mr. Stabb when neither he nor Lannard knew I had a cent. That certainly sounded like the ravings of a lunatic."

A sudden fear assailed her. Even now he was talking oddly. How could he discharge Stabb? She did not realize the extent of his Lannard Steel holdings. Again he answered her thoughts.

"You are surprised. You perhaps don't know that I have the controlling interest in the mills now." And then, as though regretting his words, he hurried on: "But this isn't what I want to talk about, Mary. I want you to be my wife. Can't you understand? My money made no difference to me. How soon will you dis-

Admiration. Why should I hereafter?"

"I believe you, Harry," she said, deeply moved, "and I do love you. Please believe me, Harry. I have for a long time. Mother knows, and I thought you must have known, too. But—she hesitated—"now you are so rich a great world of possibilities is open to you. I want you to be sure of your feeling. In Adamant there were no other girls. Mere propriety might make you think you cared for the only one you knew while there. In New York it will be different. There will be lots of them. You are a great catch—every door will be open to you. How soon will you decide? I am a very plain, simple person compared to those you will meet."

"Mary, that's all nonsense, and I looked off down the receding tracks."

ship, and on two pieces of paper, between which silk threads have been distributed. The blue seal and large 'V' with the superimposed 'Five' on the face of the bill are too light. The number of the \$5 specimen at hand is 880189, and the figures on this note are too heavy and too dark. This counterfeit will deceive the careless handlers of money."

Have Specimen Bill.
The specimen of the \$10 dollar note in possession of the authorities is a silver certificate as was the \$5 note, but drawn on the First National Bank of Omaha, Neb., N. Y.

Continuing the description the authorities said, "The note bears the portrait of William McKinley. The counterfeit has made a mistake in the blue charter number on this note. The correct number which appears on the border of the genuine bill is 8805, whereas the heavy proof figure on the face of the counterfeit is 8863. It bears the signature of Cashier W. L. Hopkins and John B. Reimer, president of the Omaha National Bank, which appears genuine in black, and are printed on the bogus note in blue. The bill is printed from a photo-mechanical plate on a single piece of paper without silk threads."

The \$20 Bill.
The \$20 note is described as "a national bank note drawn on the National Bank of Grand Rapids, Mich. The check letter is 'R' and the series is of 1902. The signature of W. T. Vernon, registrar of the treasury, and Lee McClurg, treasurer of the United States, appear on the counterfeit, which bears the charter

Up until Sunday night none of the phony money has been found in Atlanta in spite of the careful watch being kept by bank tellers and merchants. The bills are of fair workmanship, it is said, and are printed from photo-mechanical plates.

Describes \$5 Note.
The federal authorities described the \$5 notes as being of the series of 1899. On them is a check letter "B," and they are signed by J. W. Lyons, registrar of the treasury, and Ellis H. Roberts, treasurer of the United States.

The description continues, "This counterfeit is printed from photo-mechanical plates, of fair workman-

ship, and on two pieces of paper, between which silk threads have been distributed. The blue seal and large 'V' with the superimposed 'Five' on the face of the bill are too light. The number of the \$5 specimen at hand is 880189, and the figures on this note are too heavy and too dark. This counterfeit will deceive the careless handlers of money."

Have Specimen Bill.
The specimen of the \$10 dollar note in possession of the authorities is a silver certificate as was the \$5 note, but drawn on the First National Bank of Omaha, Neb., N. Y.

Continuing the description the authorities said, "The note bears the portrait of William McKinley. The counterfeit has made a mistake in the blue charter number on this note. The correct number which appears on the border of the genuine bill is 8805, whereas the heavy proof figure on the face of the counterfeit is 8863. It bears the signature of Cashier W. L. Hopkins and John B. Reimer, president of the Omaha National Bank, which appears genuine in black, and are printed on the bogus note in blue. The bill is printed from a photo-mechanical plate on a single piece of paper without silk threads."

The \$20 Bill.
The \$20 note is described as "a national bank note drawn on the National Bank of Grand Rapids, Mich. The check letter is 'R' and the series is of 1902. The signature of W. T. Vernon, registrar of the treasury, and Lee McClurg, treasurer of the United States, appear on the counterfeit, which bears the charter

Up until Sunday night none of the phony money has been found in Atlanta in spite of the careful watch being kept by bank tellers and merchants. The bills are of fair workmanship, it is said, and are printed from photo-mechanical plates.

THE CHEERFUL CHERUB

I'm a part of some big plan. Too big for me to understand—If I just relax my will Fate will lead me by the hand.

SEARCH CONTINUES HERE FOR BAD MONEY

T. B. Arnold, head of the United States secret service for the treasury department in Atlanta, is combing the city for bogus bills, led in the wake of a gang of counterfeiters, who the authorities say are operating in the south.

Up until Sunday night none of the phony money has been found in Atlanta in spite of the careful watch being kept by bank tellers and merchants. The bills are of fair workmanship, it is said, and are printed from photo-mechanical plates.

Describes \$5 Note.

MITZI BRINGING PARISIAN GOWNS IN "LADY BILLY"

As a garden's son in overall, the ghost of her ancestral aunt in gold brocade, a boy soprano in trousers and an embarrassed young countess in her cook's negligee, Mitzi has the most exciting role of her career in the new musical comedy, "Lady Billy," which Henry W. Savage will offer at the Atlanta theatre on Thursday night, when it will begin an engagement limited to three nights and Saturday matinee.

"Lady Billy" enjoyed long runs at the Illinois theatre in Chicago and at Liberty theatre in New York, and Mitzi brings it to this city with the same big production, singing chorus and special cast and orchestra, but with an added attraction of four trunks filled with Paris gowns and hats. These held her up at the costumes for three hours while the officials witnessed complete change of wardrobe. She returned from Europe in August. Her present theatrical tour includes a long engagement in San Francisco, where "Lady Billy" was an original romance by Zella Sears, well known in the theatre as an actress. Eighteen musical numbers serve to introduce a new American composer, the 25-year-old Harold Levy. Seats for the engagement go on sale today.

"Scrambled Wives."

(At the Forsyth.)

There is no medicine in the world like good, hearty laughter and Adele Mathews and Martha M. Stanley have created an almost unbelievably large supply of merriment into their great comedy, "Scrambled Wives," which is presented at the Forsyth theatre by the Forsyth Players, all this week. It's one of those plays that make you sob with joy, rock in your seat with laughter until your sides fairly ache and sends you out, after the final curtain, still chuckling over what you've seen. Bar none, it is the best comedy that has been produced this season.

Keith Vaudeville.

(At the Lyric.)

The Canary Opera, the headliner of the bill that opens at the Lyric, is declared by the Lyric to be the most unique act in vaudeville. The birds, composing the troupe, have been perfectly trained as thespians as well as musical performers. Everywhere the musical

EMBARGO ON DYE CAUSES NEW FIGHT

Republicans Revolt at Conference Committee Changes in Tariff Bill. Plot Death of Bonus.

BY WALTER B. BROWN,
Editor New York Commercial.
Written for United News.

New York, September 17.—(By the Associated Press.)—New bond offerings last week reached the surprising total of \$172,525,000 in addition to the government's offering of \$200,000,000 worth of treasury certificates, which was 1-2 times over-subscribed. The week of April 28, a total of \$232,225,000 worth of bonds was put out, while the total of new offerings exceeded that of last week.

The sudden appearance of the fall investment demand is shown by the fact that the year's smallest total of \$7,000,000 was registered only three weeks ago.

Industrial issues totalling \$83,000,000 ten-year five per cent gold notes of \$100,000 each were sold at 97 to yield 5-30 per cent. This issue was heavily over-subscribed, as were a few of the larger loans.

Considerable irregularity was manifested during the week in prices of bonds on the stock exchange, and the same was true of the same Mexican government and French municipal bonds were inclined to weakness but Brazilian issues improved.

Mixed conditions prevailed in the railroads and industrial divisions. Local utilities, especially, local tractions, were higher.

Large increases in the number of over-the-counter sales during the week, some of them at prices several points above the market, were noted.

A big demand also was noted for the government's offering of treasury certificates, sufficient subscription being obtained from New York alone to absorb the entire offering.

Several stock offerings also were put out during the week with a num-

Record-Breaking Offers Of Bonds Out Last Week

Short Crop Reports Keep Cotton Up Despite War

New Orleans, La., September 17.—The range of prices in the cotton market this week was rather narrow, the trading positions moving over 77 to 97 points from the highest to the lowest. During a good part of time there was a fairly even balance of influences which prevented wide price movements.

The main depressing factor was the war cloud in the Near East, while the main supporting factor was the increasing impression that the present crop would amount to more than ten million bales.

Highest prices were reached at the middle of the week when the trading months were 20 to 22 points over the close of the preceding week. Lowest prices were reached on the closing session when they were 46 to 65 points under.

The close was at net losses of 46 to 69 points. October traded as high as 21.58, fell off to 20.61 and closed at 20.67.

In the spot department prices lost 38 points of margin, prices closed at 21.01. The September futures lost 18.50 on the close of this week last year.

Effects of War.

Four of the spread of fighting in the Near East was most responsible for the sag on the end of the week but, at the same time, sellers were held within bounds by the weather disturbance in the west and the approach of a rain storm which would up into Texas over Sunday by too much rain in the southern half of the belt and by the appearance of a hurricane in the Gulf of Mexico.

Crop accounts of the week were nearly altogether unsatisfactory as they indicated further forced maturity of the plant, premature opening of the bolls and the prospect of picking in many sections of the belt.

BRADSTREET'S WEEKLY BANK CLEARINGS

Bank clearings in the United States for the week ending September 14, reported by Bradstreet's Bank Clearings, New York, aggregate \$6,578,000,000, against \$6,400,000,000 the previous week and \$6,370,000,000 in last week. The week's clearings aggregate \$218,257,000, as against \$202,750,000 the previous week and \$174,000,000 in last week. Following are the returns with percentages of change shown last week:

NEW YORK, SEPTEMBER 17.—There was a lot of truth in that about the ugly duckling which became a swan.

WHEN AMERICA'S little girl swimmers were bound for Antwerp and all-of-a-sudden with a glee, one of them tackled a writer who had done a story about them, to complain about a photograph which he had chosen to illustrate. The picture showed the Olympic group with an outsider in the front rank—a little skinny girl of 12 who had somehow been shoved forward among the mighty.

INSTINCT NUDGED the little Olympic star on the rib she got from Mother Eve.

"A NICE STORY," she admitted, "but I can't say much for the picture. How did that ugly duckling ever get in there? She can't do much."

THE FELLOW who tells this story didn't try to explain. He's still learning how it is about women.

THIS SUMMER the little girl who didn't belong in the picture kicked spray in the eyes of the little Olympic lady and easily won the ocean marathon over three miles at Brighton. Later she beat Helen Wainwright when she set a new world's record in the A. U. 440 in the muddy Karitan at New Brunswick.

STILL LATER the little girl who couldn't do much ran away with the 500-meter swim at Brighton Beach, making five new world records on the way.

HER NAME IS Gertrude Ederle.

Contract Awarded
For \$30,000 School
For Lawrenceville

Lawrenceville, Ga., September 17.—(Special.)—Upon opening the bids for the construction of the new school building for Lawrenceville, the Arnold Construction company, of Elberton, was awarded the contract. The building will cost approximately \$27,000, besides the plumbing, steam heating, desks and other equipment. The accepted bid was \$27,000. The building is completed in 100 working days, and will start at once.

Cooked seaweed is considered palatable by many Chileans.

Malaria is the cause of 1,300,000 deaths in India annually.

ABBOTT WILL QUIT CHICKS

Memphis, Tenn., September 17.—(Special.)—Spencer Arthur Abbott, who last year piloted the Memphis club to its first pennant since 1904, and who this season brought the Chicks up in the second place, these games behind the Mobile champions, will not manage the Memphis team next season.

Abbott stated today that he would not be back. He did not state what club he expected to manage. This season is just over and it is a little early to talk about next season, is the way Abbott dismissed the question when asked if he had any definite arrangements for the 1935 season.

"I have not talked with President Watkins regarding managing the Memphis club next season," said Abbott. "I do not know whether he wants me back but you may say that I have definitely decided that I will not be back and that is the way it will be."

"My two years' stay in Memphis," continued the chief, "has been most pleasant, my relations with President Watkins have been most friendly and we are parting the best of friends."

"I am satisfied with my showing as a manager during the two years, and I think one pennant and one close second speaks for itself."

Abbott stated that he was leaving tomorrow morning with his family for a vacation trip by automobile. He stated that he would attend the world series and then return to Tulsa where he has made his home for several years.

Abbott's last game was a 1-0 victory over the St. Louis Cardinals at home on September 15.

Abbott's record in 1934 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1933 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1932 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1931 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1930 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1929 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1928 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1927 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1926 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1925 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1924 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1923 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1922 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1921 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1920 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1919 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1918 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1917 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1916 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1915 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1914 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1913 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1912 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1911 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1910 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1909 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1908 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1907 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

Abbott's record in 1906 was 11-12 with a .547 batting average. He led the league in home runs with 15, and in slugging percentage with .547.

MRS. PENDLETON DIES SUNDAY NIGHT; FUNERAL MONDAY

Mrs. J. T. Pendleton, wife of Judge J. T. Pendleton, of the civil division of the superior court, died at her home at 606 Piedmont avenue, Sunday evening. She was 70 years old.

Mrs. Pendleton contracted pneumonia six weeks ago. Until the last few days hopes for her recovery were entertained, but there was a relapse early in the week, from which she failed to rally.

Besides Judge Pendleton she is survived by one daughter, Mrs. Edwin C. Stuart, two granddaughters, Mrs. Frank Carter, and Miss Catharine Stewart; three grandsons, John Stewart, Hugh Nunnally and Charles B. Nunnally, and one great-granddaughter, Miss Mary Louise Carter.

The funeral will be held from the residence at 2:30 o'clock Monday afternoon. Interment will be in West View. Rev. Asbury Jones and Rev. W. H. Major, will officiate. Mrs. Pendleton was a member of the Ponce de Leon Baptist church. H. M. Patterson & Son, in charge.

When radium is broken up by the release of atoms the residue is lead.

HOW DO YOU explain this?
WE WOULD LIKE to meet you and talk it over.

TIGER TEAM SHAPING UP
Auburn, Ala., September 17.—(Special.)—With the opening of their season two weeks off, with the Howard Bulldogs in Birmingham September 30, the Tigers of Alabama Polytechnic institute are already whipping themselves into championship trim and are sure to see a season choked with victory.

Led by Captain Shirey, and under the intensive tutelage of Coach Dunshane, Wilson and Pitts, there is at Auburn practically the 1921 team intact. Rodney Ollinger, the fleetfooted, is out of the game from an operation for appendicitis, but it is entirely likely that the name of Ollinger will again shine forth from the line-up, since Rod's brother "Batches" is here with the experience on last year's team to help him on to an end position.

Pruett Ready.
Pruett, an end on the great 1919 team, is back in harness and feeling fit after a summer spent in the west. There are about 100 men out for practice daily and the indications are that there will be a greater wealth of reserve material on hand than ever before in the history of football at this institution.

Others prominent on the field and likely names for the lineup this fall are: Lawrence, Thompson and Brice, center; Ray, Reagan and Sitz, guards; Grisham, Pearce, Wynne and Harkins, tackles; Moulton, Pruett, Harkins and Hatch, fullbacks; Ollinger, ends; Gibson, Peterson and Crane, quarter; Shirey, Scott, Garland and Knapp, half; Shirling, Ford and Howe, full.

On the hard schedule which Auburn will face this year are the Army, at West Point; Tech, in Atlanta, and the University of Georgia.

ROSCOE SARLES IS KILLED IN FIGHTING KANSAS CITY RACE

Fort Worth Wins First Skirmish With Bears

Southern Loop Champs Helpless Before Pate; Mobile Uses 3 Hurlers

Hoffman and Coombs Hit Home Runs and Aid in Humiliation of Bruins—Final Score 9 to 0—No Game Today.

Fort Worth, Texas, September 17. (By the Associated Press.)—The Fort Worth Panthers, champions of the Texas league for three seasons, defeated the Mobile Bears, standard-bearers of the Southern association, in a decisive fashion in the first game of their series for the baseball championship of the southland before a crowd estimated at 12,000 attending Panthers park here.

The score was 9 to 0 and largely reflects the relative class exhibited by the two teams, as Fort Worth clearly outplayed, out batted and outfielded their opponents.

To Joe Pate, premier southpaw of the Texas league and pitching hero of the 1921 series with Memphis, belongs the major share of the credit for the victory. The sterling left-hander held the reputed hard-hitting Bears to four scattered singles—two of them infield scratches—and allowed only two Alabama batters to reach second and only one to get to third. He struck out four batters, issued but two bases on balls and had Mobile batters completely at the mercy of his fast break-in curves. He was given fine support, especially by Shortstop Taver, although Mobile hit fairly hard on defense.

Pate, however, must share the glory with Ed Hoffman, Panther second-sacker, whose hard and timely hitting was largely responsible for Fort Worth's top-heavy score. Hoffman made a home-run, a double and a base on balls in three trips to the plate.

Three pitchers. Fuhr being the only one who pitched more than one inning, started for the eighth. Charley "Steamboat" Fulton, the Mobile veteran, started for the first and displayed right off that he had little with which to fool Panther batters. He disposed of Coombs but Sears laced a single to right.

Denny Williams made a good catch of Calvo's fly and Fulton gave Clarence Kraft, "Babe Ruth of the Texas league," four balls, although it did not appear to be an intentional pass. Hoffman then electrified the crowd with a terrific drive into rightfield bleachers scoring Sears and Kraft ahead of him. He hit the first ball pitched. Fulton fouled out.

Fulton got by the second inning, but the Panthers went after him again in the third, driving in from the right field for two batters. Fulton replaced Fulton and hit Kraft, filling the bases. Hoffman doubled to center, scoring Sears and Calvo. Kraft scored on Phelps's sacrifice. Fulton then hit the first ball pitched. Fulton fouled out.

Pope batted for Fuhr in the eighth and Taver made a fine play on his grounder. Joe Acosta, a Cuban, hit Leathers in the box, and the Panthers got two runs. Hoffman walked and went to third when Leathers threw wild to second after fielding Phelps's grounder. Fulton doubled to left, scoring Hoffman. Phelps was caught at the plate on Hawthorn's infield tap but Taver and Hawthorn worked a double steal. The former scoring Fort Worth's ninth run.

The only untoward incident of the game was a dispute between Shortstop Manuel Cueto, of the Bears, and umpire Hunter Hill in the third inning, arising over a called strike on Denny Williams. Cueto was ordered out of the game and was placed in the box. The two teams will play off tomorrow and play again Tuesday, leaving then for Mobile, where the series will be resumed.

Power Company Team Is Winner

The Georgia Railway and Power company baseball team, city champion, won a well played game from the crack World's Fair team at Fort McPherson Sunday afternoon before a crowd estimated around the 4,000 mark. The score of the game was 7 to 4.

The Commodore Fed team won the other game of the double bill at the Fort from the fast Fort McPherson team by a score of 4 to 2.

ANSLEY WINS CLUB TITLE

The magic in Harry Ansley's putter stayed off a determined rally by Clarence Knowles in their week-end struggle for the Brookhaven club's title and Ansley retains the championship.

He first won something over a year ago. The score in the Ansley-Knowles bout was 8 up and 6 to play. Both are hard fighters on the links, but Harry was able in this encounter to match shots with Knowles and

HARRY ANSLEY.

come out with honors in practically every exchange. Both were rather indifferent in their morning round, figuring that 36 holes made up a mighty long distance.

After lunch, however, the affair settled to be a grueling duel. The medals of the first 18 showed a 77 for Harry and a 79 for Clarence, but both can shoot much better golf, as a glance at the score for the first nine holes in the afternoon will show. Knowles negotiating the distance in 37 strokes, while Ansley went him three holes for a 34.

This stretch of battling seemed to convince Knowles that it was not his turn to wear the Brookhaven crown, and he was eliminated in a few holes later. Both are fine drivers, and the match had been doped, there wasn't a whole lot to choose between them with the wood.

As a matter of fact, neither did any brilliant driving in the morning. At times whaling drives were sent down the fairway, but for the most part the work was done during the first 18 was nothing but a fit over. The situation changed after dinner, and some rattling good wallop drives were uncoiled.

Harry's Fine Putting.
The secret of Harry's success was in his putter. This has always been a useful club with this young golf star, and it was especially his friend in the argument with Knowles. On two holes Knowles was sitting pretty for a half when Harry knocked his ball into the bucket.

On the ninth green of the afternoon round both were on the green with no apparent advantage. Harry took careful aim and ran down a 40 footer. As if this was not enough for a single afternoon, he came back found it was a 30 footer.

Such wonderful work on the greens carried Harry to a record that has not been equaled for several days, along with Bobby Jones' 83 at East Lake Saturday, and other features of the golf local cracks have been playing recently. He used up but 13 strokes on the twelve holes played in the afternoon round, and didn't seem to be doing anything unusual while the work was going on. If this isn't one for the book, please describe one for this standard southern newspaper.

All the larger cities in Wisconsin are maintaining vocational schools for children between the ages of 14 and 17 who are employed.

There are 573 colleges and universities in the United States.

BILLY DEFOE WINS BATTLE

New York, September 18.—(Special.)—Billy Defoe, the English featherweight champion, who recently came over to this country to obtain a match with champion Johnny Kilbane for the featherweight title, defeated in his first appearance in America by the sensational St. Paul featherweight, Billy Defoe, last night at the Queensboro A. C. Long Island City. Defoe outboxed and outpointed his opponent in every round and clearly showed he was the only contender for a title match with Johnny Kilbane.

NATIONAL LEAGUE

Rixey Is Strong.

New York, September 17.—The New York Giants outdid Cincinnati today 13 to 8 but were unable to solve Rixey's southpaw shoots in the pinches and lost to the Reds, 4 to 3. The Giants bunched five of their drives in the sixth inning when they scored all of their runs. The Reds won the game in the eighth, scoring two runs on a triple by Daubert, Roush's fielder's choice, a pass to Duncan, Fonseca's single and a sacrifice fly by Hargrave.

SHOOTERS TIE AT GUN CLUB

The sun hidden by the clouds yet giving ample light to make the target's plain was Saturday an ideal day for shooting at the Atlanta Gun Club. High men were Hal Hentz and Dr. H. N. Alford. Mr. Hentz in the first round took a 48 and Dr. Alford a little later came to the same mark. Hal Hentz's score, R. E. Cullinan and Dr. J. Q. Brantley tied at 47 for second highest place.

In the double events three men tied at 22 out of 24. Two of these were who had never experienced the thrill of leading the list before were George Fauss and J. E. Cannon. Dr. Brantley was the other man. Dr. Brantley, around the top of the list, placed himself at 21.

J. R. Cotnam, the only representative of the Atlanta Gun club at Atlantic Grand American handicap at Atlantic City last week, won third place in the introductory shoot. He shot 197 on the honor of the local club. His score was 196 out of a possible 200. Two men tied for first with 197.

Shooting at 50 single targets: Hal Hentz 48, Dr. H. N. Alford 48, R. E. Cullinan 47, Dr. J. Q. Brantley 47, W. B. Parrish 44, Dr. W. M. Brannon 43, R. N. Whitten 42, Frank Adair 41, H. N. Alford 41, J. A. Hyndes 40, N. H. Fudge 39, J. K. Gregg 38, J. A. Hyndes 38, George Cannon 35, W. G. Carpenter 33, J. K. Cannon 33, J. C. Senter 31. Scores targets: George Fauss 22, J. Q. Brantley 22, J. R. Cannon 20, Dr. H. N. Alford 21, Frank Adair 20, Dr. W. M. Brannon 19, Dr. H. N. Alford 19, Dr. W. B. Brown 14, Harry Helmer Kraft 14, Dr. H. N. Kraft 13, Hal Hentz 12, I. C. Miller 12, J. C. Senter 10.

The positions the various men are shown up exceptionally well in their defensive work, but it would be impossible to mention them alone as the whole bunch were in unusually good shape and made a showing in the scrimmages that fairly shouted with good football material.

The Petrels have been working hard ever since the first practice and in addition to the regular drills, the workouts they have been going through a series of exercises in the early morning that help make good football squads.

Both the stars will probably be entered in the tourney as well as many others in the city. The golfing element in the city is on the boom at present and the entry list is expected to be larger than ever, and the event will be played on the best golf course in the state.

"Shucks" Pruett Masters New York Yankees, 5 to 1; Surrenders Only Five Hits

Victory Sends the Browns Within Three Points of Lead—Last Game of Series Slated to Be Played This Afternoon.

St. Louis, Mo., September 17.—(By the Associated Press.)—Herbert "Shucks" Pruett, sensational young pitcher of the Browns, held the New York Yankees to five hits and St. Louis won today's game, 5 to 1.

Pruett's victory, in which he struck out eight batters, put St. Louis back to within one-half game of the league leading Yankees. Each team now has won one game in the three-game series, the deciding game of which will be played tomorrow with the league leadership going to the winner. Many believe the winners in tomorrow's game will win the pennant.

Babe Ruth's homer was the only solid hit made by the Yankees. Pruett's control was almost perfect. He issued only one base on balls. Among major league home-run clouters by slamming out his 38th circuit drive in the eighth inning. Sisler who had walked in on base, Sisler cracked out a single in the sixth inning, making it the 41st consecutive game in which he has hit safely. The single broke the record created by Ty Cobb, of Detroit, in 1911, when Cobb hit safely in 40 games.

Witt, centerfielder for New York, who was knocked unconscious when struck by a pop bottle, resulting in a concussion, was in the lineup today although his forehead was split open by the bottle. The game was a pitcher's battle between Pruett and Hoyt for five innings.

Pitchers Ineffective.
Hoyt was out of luck in three runs in seven innings and Jones, who took over the hurling duty after McMillan batted for Hoyt in the eighth, allowed two more markers.

In the sixth inning, Ruth, who in his first two times at bat had walked and fanned, connected for his thirty-third homer.

But the Browns took the lead by scoring three runs. Foster walked, Sisler singled and Foster scored on Williams' single. Jacobson pounced on Seaver's error, hitting a home run. Williams' single and Sisler crossed the plate on Seaver's liner over second base.

The Browns added two more runs.

THAXTON IN A. W. G. A. GOLF NO-HIT GAME TOURNEY ON

BY M. D. GLEASON.

Porterdale, Ga., September 17.—(Special.)—One of the greatest crowds that ever saw a ball game in this section came out Saturday to see the strong Federal Prison team from Atlanta play the Porterdale team at the home club winning 7 to 1, when Thaxton pitched a gem.

The Newton county people went wild when the home team won from this strong Federal team, and everybody in Porterdale, Covington, Oxford and the vicinity was talking about the great all round game Thaxton played.

Thaxton always celebrates on the 16th of September and it came on Saturday when he decided to do it good and he began by pitching a no-hit game against this heavy hitting Federal team and did not walk or hit a man in nine full innings, and he remembered again that it was the 16th of the month and his name is "Home Run Thaxton" he hit the longest run ever seen in this section.

After the game, Thaxton was tried to induce Thaxton to move here and they would run him for congress next term.

Bishop of the Federals said after the game that the splendid treatment they received by everybody here made them forget that they lost the game.

Mr. Bishop also stated that he never saw such pitching as Thaxton was serving them and that they would not have scored at all for getting one run on error.

"Lefty" Brown and Floyd Hammel, also of the World's Fair, did much to help Porterdale win, Brown getting two hits when needed and Hammel catching a good game. The batteries were Sabins, Bishop and Angley for the Federals and Thaxton and Hammel for Porterdale.

PETRELS PICK UP TRAINING CITY TOURNEY STARTS SOON

The Oglethorpe football squad picks up the white man's burden again this afternoon, whipping itself into shape for the opening game with the Yellow Jackets. The Petrels met through their first scrimmage Saturday under the direction of Russell Stein, former all-American tackle for the Washington and Lee, and produced results that were highly satisfactory, showing good form for such an early period in the season.

The outlook for the Petrels is brighter than it has ever been in Oglethorpe's short career. They have an aggregation that is very impressive and it looks as if they will be able to do something in the coming game with the Tornado.

The Petrels have been working hard ever since the first practice and in addition to the regular drills, the workouts they have been going through a series of exercises in the early morning that help make good football squads.

Both the stars will probably be entered in the tourney as well as many others in the city. The golfing element in the city is on the boom at present and the entry list is expected to be larger than ever, and the event will be played on the best golf course in the state.

RUTH AND KEN HIT HOMERS

St. Louis, September 17.—Kenneth Williams cracked out his thirty-third home run with Sisler on base in the eighth inning of the New York-St. Louis American game here this afternoon. Jones was pitching.

Babe Ruth Hits.
St. Louis, September 17.—"Babe" Ruth knocked out his thirty-third home run of the season in the sixth inning of today's game between the New York and St. Louis Americans. Pruett was pitching and no one was on base.

AMERICAN LEAGUE

Cleveland Defeats Philadelphia.

Cleveland, Ohio, September 17.—Summa, a recruit from the Texas league, featured today's Cleveland victory over Philadelphia. The veteran speed king was pinned under the blasing car. J. V. Pickup, his mechanic, threw clear of the car, severely burned in the attempt.

Tommy Milton, 1921 auto racing champion, won the 300-mile sweepstakes in a sensational race during in which, in addition to Sarles death brought injuries to six other drivers and mechanics in a series of disastrous spills.

Milton, driving a Leach Special, averaged 108 1/3 miles an hour on the new racetrack, which was built in the present of the race.

Harry Hartz, was second in a Hartz Special and Frank Elliot, who Ray Muford was fourth in a Dusenberger.

Eddie Hearne and his mechanic, Louis Heffernan, were seriously injured when their Durant turned turtle on the straightaway approaching the grand stand. They were taken to a hospital.

Jimmy Murphy, twice winner of the Indianapolis sweepstakes, narrowly escaped death in a spill in which Joe Thomas suffered a fractured leg. Murphy blew a tire and his car headed for the top of the saucer. He regained control and shot down to the track and as he again tried to take his place in the middle of the saucer track Thomas crashed into the middle of his car. Both machines rolled to the track. Murphy and his mechanic suffered severe bruises.

A few minutes before, Pete de Paula, nephew of Ralph de Palma was saved from the death that overtaken Sarles when he jumped from his car, which suddenly burst into flames at the far turn.

The series of accidents occurred in the 300-mile sweepstakes, in which most of the leading auto drivers of the country were driving.

Milton maintained the lead from the first lap.

The Constitution's Novel-a-Week Julia Takes Her Chance

BY CONCORDIA MERRELL

Next Week, "The Great Prince of Shan"
By E. Phillips Oppenheim

(Continued From Yesterday)

I clapped a hand over my mouth and stared wide-eyed, utterly horrified, before me, and I couldn't think or move—I seemed just struck dumb all through.

I'd meant that my marriage with Harry was like a bad dream. . . . Well, then . . . I didn't want to marry him. . . . Yes, that's what it amounted to, and could anything be more dreadful? How can I ever make you understand what I went through that morning, when, with no earthly reason to back me up, I suddenly realized that I didn't want to marry Lord Henry Penryth.

I took my face out of my hands and sat very still, thinking. The perfectly awful tumult in my mind stilled, too, and I said, almost calmly.

"No, I don't love him."

And, then, after another long thinking pause:

"That's why I felt as if I oughtn't to hear what he was saying last night—as if it wasn't really mine to hear."

That's what I really meant to say to Nicholas Penicott—that vague, terrifying feeling I had when he asked if I were really happy, meant all this—it was this trying to make itself clear, trying to put itself into words.

I hadn't meant to put fast and loose—indeed I hadn't. I thought I was happy, I did really, and all those little half-feelings I had which I see now, ought to have warned me, seemed so faint and vague, so utterly indistinct and unrecognizable, as if they'd been buried all this time so deeply that they'd only just come, with this terrifying rush, to the surface.

A knock at the door roused me with a start. I dashed my hands over my eyes and lay down, every instinct in me calling out to me to hide the awful truth.

"Oh, Bun, dear," I called, as steadily as I could, "is that you? Come in, of course!"

The door opened a bit and a head appeared round it, a head in a neat nurse's bonnet.

"Norah!" I cried, and I flung out of bed, ran across the room and in my striped slumber suit, dragged her into the room and gave her a regular bear's hug. "Norah! Oh, you utter darling! I am so glad, so—so terribly glad to see you!"

Then, all of a sudden, the tension in my mind snapped, and I burst into tears, my head down on her shoulder, and I couldn't say a word, while she stroked my hair and said:

"There, there, little old kid," over and over again till I calmed down a bit.

"Oh, I'm such a fool," I stammered at last remembering desperately that I mustn't give myself away.

"I was so afraid you wouldn't be able to get here!"

I don't know whether Norah accepted that as the reason for my display of overwrought feeling. Anyway all she said was, in the old professional sort of way:

"Get into a dressing gown at once, and just look at your bare feet!"

I laughed shakily. It was so refreshing to hear her friendly bullying again, but that was all those clear, sensible eyes of hers had seen? My dressing gownless state and slipperless feet? I didn't know and couldn't guess. I only knew that I wrapped my kimono round me, jabbed my feet into shoes and swung a word on her, unable to endure silence.

"I'll have to get a move on, you know," I said, my voice quivering with feverish excitement, with which I fondly hoped to break the dreadful truth. "Oh, Norah, to think it's my wedding day. Doesn't it all seem so happy, so—so wonderful?"

I began bravely enough, but couldn't get on—just couldn't—the words stuck fast in my throat and refused to be uttered. "Anyway, I'm glad—oh, so awfully glad that you are here," I ended feebly.

"I couldn't let you know," she said, in her comfortably, ordinary, commonsense sort of way. "You see, I had to arrange for a nurse to take my place, and she only turned up last night."

"So long as you're here I don't care. Everything, absolutely everything, has been going wrong."

And I rattled out the story of yesterday's disasters as fast as I could, dredging above all things—silence. I didn't want to think, or to let her see, I just wanted, since there was nothing else to be done, to go through with it without dwelling on my own thoughts.

"Oh, well," she said comfortingly, "so long as it all comes right in the end—"

I was startled by this, it came so aptly into my thoughts, but she didn't seem to mean anything special.

"Oh, it'll come right in the end," I cried. "Of course it will! It must!"

The Boy Has the Last Say.

(From The Eveleth (Minn.) Clarion.)

If you want to renew your youth and make life a real joy take an interest in some boy. Suffer from his sufferings; make his problems your problems, and experience the real joy of service. If you neglect the boys you will pay the penalty. For what is a boy? He is the person who is going to carry on what you have started. You may adopt all the policies you please, but how they will be carried out depends upon him. If you make leagues and treaties with him, you must manage them. He is going to sit at your desk in the senate and occupy your place on the supreme court bench. When you get done all your work it is going to be judged and praised or condemned by him. Your reputation and your fortune are in his hands.

Miss Gertrude Ann Jacobson, instructor in history in Wooster college, Ohio, has just been awarded the British honor, the Harry Thornton Fellowship post-graduate studentship in history at Manchester university, which was founded in 1920 by Stephen Pickles in memory of his son, who fell in the war.

According to Dean Farrell, of Kansas Agricultural college, an American with no schooling at all has a chance in 150,000 of becoming eminent. With a high school training he has 87 times as good a chance, and with a college education he has 700 times as good a chance.

The Eastman theater, \$5,000,000 gift of George Eastman to the University of Rochester, N. Y., is the first university owned and operated theater, on altruistic lines, to spread culture through development of love of music, to improve popular entertainment and to perfect motion picture presentations.

The all-known Harvard library contains 2,018,000 books. The collection was started by John Harvard with 300 volumes.

THE GUMPS—HOME AGAIN

"Why, of—of course! Haven't I everything to make me?" I managed to say. "Haven't I?"

Then Norah came toward me, something inexplicable and fateful in her determined step. She caught me, a hand on each shoulder, looked down steadily into my eyes, and said:

"But what am I to do? What can I do? There's nothing to be done now. Don't you see that there isn't?"

"The door to freedom is not closed yet," she said.

"Oh, but it is!" I cried. "It's closed by my promises, closed by all those waiting guests, all that array of it."

That is one of the great, unpardonable deceptions. You mustn't be guilty of it.

I'd known Norah for ages, but I'd never before heard her speak like this, with such deep feelings and counter now than later.

"Then there is Aunt Cordelia!"

"Yes, but it is you and Lord Henry who chiefly count. You have got to do the straight thing by him, and by yourself. Not the thing that is said to be straight according to superficial codes of honor, but the thing that really and truly and deeply is straight."

Again I was silent. I could find no answer. And I knew that what she said was true. Of course, there would be gossip and comment, and a nine days' wonder, but what was a nine days' wonder against a whole lifetime of mistakes?

CEDARTOWN PLANS FARMERS' AUCTIONS

Cedartown, Ga., September 17.—(Special.)—The Cedartown Chamber of Commerce has arranged a farmers' and merchants' auction day, Septem-

ber 29. Among the new members of the chamber of commerce are the Central of Georgia railway, the Seaboard Air Line railway and the Georgia Railway and Power company.

Newman, Ga., September 17.—(Special.)—Charles Christian, aged 76, and his mother, Mrs. John W. Christian, may die from injuries they received in the automobile-train crash Saturday night, when Ross Christian, aged 7, was instantly killed, and his father and sister, Geneva, and another occupant, were seriously injured.

Reports from the Newman hospital Sunday night stated that Mrs. Christian is suffering from internal injuries which may result fatally, and Charles Christian's condition is considered critical. The daughter will recover.

The sixth occupant of the car, hospital authorities say, was a man named Turner. His hip was fractured and he received other injuries including a badly lacerated scalp.

The family was on its way to a barbecue two and a half miles from Newman when the accident occurred.

Mr. Christian, whose injuries are not of a dangerous nature, said he did not see or hear the train approaching, as he was near the crossing. The machine was in the middle of the tracks, he said, when the engine hit the tonneau, and carried the car almost 70 feet.

The train was stopped and the injured were taken in it back to Newman, a distance of about two miles.

MRS. WILL SULLIVAN.
Mrs. Will Sullivan died Friday at her home on McDonough road. A. S. Turner, of Decatur, in charge.

Mrs. Mary Stevens.
Mrs. Mary Stevens, 61 years of age, died at a private hospital Saturday night at 11 o'clock. The body was removed to A. C. Hemperley chapel. Mrs. Stevens is survived by her husband, H. J. Stevens, 713 Sims street, East Point, and one daughter, Mrs. R. K. Richardson, also of East Point.

MRS. H. H. WILSON.
Mrs. H. H. Wilson, aged 29, died in a private hospital Sunday morning. She is survived by her husband, her parents, Mr. and Mrs. G. A. Blackwell, six brothers, W. T. Washington, D. G. G. A. Jr., J. F. Charles and Orren Blackwell, of Atlanta; one daughter, Elizabeth, and a sister, Ruth. She was a member of the Capitol Avenue Baptist church. H. M. Patterson in charge.

MRS. ARTHUR L. MATTHEWS.
Mrs. Arthur L. Matthews, aged 43, died at her home at 1226 Clairmont avenue, Decatur, Sunday morning. She is survived by her husband, one daughter, Miss Sarah B. Matthews, six sons, Warren, Lawrence, Forest, Kenneth, William A. and Norman E. She was a graduate of the Wesleyan Female college, and was a member of the Adelphean society. H. M. Patterson in charge.

It is said that the average man speaks 11,000,000 words in the course of a year.

TWO MORE DEATHS FEARED IN CRASH

Newman, Ga., September 17.—(Special.)—Charles Christian, aged 76, and his mother, Mrs. John W. Christian, may die from injuries they received in the automobile-train crash Saturday night, when Ross Christian, aged 7, was instantly killed, and his father and sister, Geneva, and another occupant, were seriously injured.

Reports from the Newman hospital Sunday night stated that Mrs. Christian is suffering from internal injuries which may result fatally, and Charles Christian's condition is considered critical. The daughter will recover.

The sixth occupant of the car, hospital authorities say, was a man named Turner. His hip was fractured and he received other injuries including a badly lacerated scalp.

The family was on its way to a barbecue two and a half miles from Newman when the accident occurred.

Mr. Christian, whose injuries are not of a dangerous nature, said he did not see or hear the train approaching, as he was near the crossing. The machine was in the middle of the tracks, he said, when the engine hit the tonneau, and carried the car almost 70 feet.

The train was stopped and the injured were taken in it back to Newman, a distance of about two miles.

MRS. WILL SULLIVAN.
Mrs. Will Sullivan died Friday at her home on McDonough road. A. S. Turner, of Decatur, in charge.

Mrs. Mary Stevens.
Mrs. Mary Stevens, 61 years of age, died at a private hospital Saturday night at 11 o'clock. The body was removed to A. C. Hemperley chapel. Mrs. Stevens is survived by her husband, H. J. Stevens, 713 Sims street, East Point, and one daughter, Mrs. R. K. Richardson, also of East Point.

MRS. H. H. WILSON.
Mrs. H. H. Wilson, aged 29, died in a private hospital Sunday morning. She is survived by her husband, her parents, Mr. and Mrs. G. A. Blackwell, six brothers, W. T. Washington, D. G. G. A. Jr., J. F. Charles and Orren Blackwell, of Atlanta; one daughter, Elizabeth, and a sister, Ruth. She was a member of the Capitol Avenue Baptist church. H. M. Patterson in charge.

MRS. ARTHUR L. MATTHEWS.
Mrs. Arthur L. Matthews, aged 43, died at her home at 1226 Clairmont avenue, Decatur, Sunday morning. She is survived by her husband, one daughter, Miss Sarah B. Matthews, six sons, Warren, Lawrence, Forest, Kenneth, William A. and Norman E. She was a graduate of the Wesleyan Female college, and was a member of the Adelphean society. H. M. Patterson in charge.

It is said that the average man speaks 11,000,000 words in the course of a year.

An Old Undertaking Establishment With a New Name

The T. C. BAZEMORE CO.

Formerly

Donehoo & Bazemore Co.

Funeral Directors & Embalmers

81 Washington Street---Next to Girls' High School

Day and Night Service

Phone Main 1847

The original firm was founded in Nineteen-Thirteen, by Roy Donehoo, since which time they have steadily progressed, and have been serving the people of Atlanta and vicinity in a most pleasing and highly satisfactory manner. In the year Nineteen-Twenty, the firm was reorganized by Mr. T. C. Bazemore and

Mr. Paul Donehoo, and the name was then changed to Donehoo & Bazemore. And now Mr. Paul Donehoo has disposed of all his financial interest in the firm, and the firm name is changed to the T. C. Bazemore Co. In withdrawing, Mr. Paul Donehoo leaves his good will with the firm.

Mr. T. C. Bazemore has devoted the past eleven years of his life to this line of work in Atlanta, and his understanding of the profession is unsurpassed. The T. C. Bazemore Co. will retain their present location—81 Washington street—which has ideal surroundings for a funeral establishment, being situated on the Capitol Hill, among churches of all denominations. They will carry a complete line of up-to-the-minute merchandise, and all funeral requirements, together with that genuinely appreciated service and consideration that has so characterized their predecessors in the past.
